

AVOIDING HASTE

ACTION ON ANGLO-GERMAN CONVENTION DELAYED.

AMERICA WILL WAIT AWHILE

LIGHT IS WANTED ON THIRD CLAUSE.

CONGER FURNISHES ADVICES

GREAT BRITAIN GETS HARBOR CHING-WAN-TAO.

Washington, Oct. 23.—It is not the purpose of the state department to act upon the suggestion contained in the British-German agreement respecting China, and give it its adherence for several days at least. The subject is one of sufficient importance to warrant careful consideration, and especially is it desirable that some before light be shed upon the third clause of the agreement before the United States acts, though it is not doubted that at least a qualified adherence will be given. The department is in correspondence by cable with Mr. Conger, who is advising it freely of the various propositions that arise before the body of ministers resident at Peking, who are now, in conformity with the terms of the French note, consulting with the object of beginning negotiations with the Chinese government. It cannot be gathered, however, that any marked progress has been achieved up to this moment.

BRITAIN LEASES HARBOR.

London, Oct. 23.—The Globe this afternoon announces that Great Britain has leased from the English contractors the harbor works of Ching-Wan-Tao, now in course of construction, for a period of eight months, with the object of landing men and stores there and utilizing the branch railroad thence to Tang-Ho, where it joins the main line to Peking.

FAVOR THE FRENCH BASIS.

Paris, Oct. 23.—At a cabinet council today M. Delcasse, the minister of foreign affairs, announced that the ministers of the powers at Peking met recently to semi-officially examine the French propositions as a basis for peace negotiations and showed themselves favorable thereto.

QUIET AT CANTON.

Hong Kong, Oct. 23.—The situation at Canton is comparatively quiet. It is reported that the consuls have received letters warning them of danger.

Refugees from Hui-Chow say the rebels are welcomed everywhere. They take nothing without payment and are treated as guests instead of as enemies. Their leaders are supposed to number ten, each commanding a separate band. The one operating in the How-Lung Hinterland is a mere strapping, but is everywhere successful. He is reported to have defeated a large body of imperial troops, killing a hundred of the Chinese soldiers.

The surnames of four of the rebel chiefs are Fong, Ho, Ching and Chan.

AMERICANS LEAVE PEKIN.

Peking, Oct. 21, Via Tien Tsin, Oct. 22, and Shanghai, Oct. 23.—The Fourteenth United States Infantry has departed from the city. It was escorted beyond the walls by the other American troops.

The Royal Welsh Fusiliers have also departed. The date of the meeting of the foreign ministers with Prince Ching and Li Hung Chang has not yet been definitely fixed.

Some of the ministers have not yet received instructions from their governments; two are absent from the capital and one is ill.

MRS. BRICE ILL.

New York, Oct. 23.—Mrs. Calvin S. Brice, the widow of Senator Brice, of Ohio, is ill in her home in Fifth avenue. Her condition, according to the Herald, is such as to cause grave fears as to her recovery.

ESCAPED CONVICTS FOUND.

Poughkeepsie, N. Y., Oct. 23.—All of the seven convict patients who escaped from the Mattawan state hospital on Sunday evening have now been captured. Superintendent Allen received a message today that McCarthy, Foster and Johnson, the last of the fugitives to remain at

large, had been apprehended during the night at Middle Hope, where Clark, Filson and Murphy were recaptured yesterday afternoon. These men remained hidden in a barn not far from the spot where the others were caught and they were run down after they left the barn to make their way out of the neighborhood. Attendants have been sent after the men.

FIVE CHILDREN SUFFOCATED.

Montreal, Oct. 23.—A fire which broke out in a small tenement house of Archambault Lane at 1:30 this morning resulted in the death by suffocation of five children. The father, Arthur LeBlanc, a shoemaker, was badly burned, but will live. The mother was only slightly injured. The children were in an upper room and were dead before the firemen were near them.

FUNERAL OF JOHN SHERMAN

ARRANGEMENTS FOR SERVICE IN WASHINGTON.

Obsequies at Sherman Home After Which the Remains Will Be Taken to Mansfield Home

Washington, Oct. 23.—The following is the complete list of honorary pall-bearers for the funeral of former Secretary of State John Sherman tomorrow:

Secretary Hay, Secretary Gage, Justice Harlan, of the supreme court; Admiral Dewey, Gen. Nelson A. Miles, ex-Senator J. D. Cameron, Mr. J. A. Kasson, of the state department; Judge Bancroft Davis, Senator Hawley and Myron M. Parker, of this city.

The family of Mr. Sherman have sent personal invitations for the services in this city to such members of the diplomatic corps as have left cards at the house.

Owing to the fact that Mr. Sherman was not at the time of his death connected with the state department, it is impossible for the department to issue a general official invitation to the diplomatic corps to attend the services.

It is the wish of the family, however, that all members of the corps now in Washington should feel themselves included in the general invitation.

The funeral train will leave Washington for Mansfield, O., at 3:30 tomorrow afternoon.

MISSIONARY MEETING.

Springfield, Mass., Oct. 23.—The fifty-fourth annual meeting of the American Missionary association opened here today with over 400 delegates in attendance, and will continue until Thursday evening with morning, afternoon and evening sessions. Mayor W. H. Hayes gave the address of welcome from the city, and Bay. Philip S. Moxom, D. D., the address of welcome from the churches, to which President F. A. Noble, of Illinois, made response. The report of the treasurer, H. W. Hubbard, of New York, was then presented, and the report of the executive committee was read by Chairman Charles A. Hull, of New York.

FEBRELL TRIAL IS STOPPED.

Marysville, O., Oct. 23.—Further adjournment until tomorrow has been taken in the trial of Rosslyn Ferrell, charged with killing Express Messenger Lane, owing to the illness of Juror Shierk. Attorneys for the defense moved that the jury be discharged, but the motion was overruled.

TO DISTURB HAYTI.

Kingston, Jamaica, Oct. 23.—The Gleaner publishes a report to the effect that a filibustering expedition, headed by a well known Haytian exile, is being prepared here for the overthrow of the government of Gen. Simon Sam, the president of Hayti.

LOAN IS OVER-SUBSCRIBED.

Berlin, Oct. 23.—The city of Hamburg's forty million marks 4 per cent. loan was heavily over-subscribed here through previous applications, and the books were closed today immediately after the opening.

SCARLET FEVER.

A new case of scarlet fever is reported at the home of C. D. Bohn, No. 85 Monroe street. There are now a great many cases in Fort Wayne, but the health authorities do not fear an epidemic.

W. J. BRYAN BEGINS TOUR OF THAT STATE.

PAYS VISIT TO WASHINGTON

IS ENTERTAINED THERE BY WILLIAM M. SPRINGER.

TALKS TO FEDERAL CLERKS

GIVES AN OPINION OF CIVIL SERVICE REFORM.

Washington, Oct. 23.—Hon. William J. Bryan spent an hour and a quarter at the national capital today. His train arrived over the Chesapeake and Ohio railroad from West Virginia, at 7:55 o'clock this morning, an hour late. About 1,000 people were waiting him at the depot.

A force of three score policemen and detectives were distributed between the two depots to maintain order. As the train pulled in, amid cheers of the waiting crowd, ex-Judge William M. Springer, former chairman of the house committee on ways and means, and an old colleague and warm friend of the democratic candidate, stepped to Mr. Bryan's car at the rear of the train and welcomed him.

The two then passed down through the depot followed by a large and enthusiastic crowd and gradually worked their way to the entrance. Here an automobile was in waiting, and they were taken to the residence of Judge Springer, opposite the capital, where Mr. Bryan had breakfast.

Col. Isaac Hill, democratic "whip" of the house of representatives, was the only other guest. A few minutes before 9 o'clock Mr. Bryan was driven to the Baltimore and Ohio depot, where he made a brief speech from his automobile. He spoke on imperialism and civil service. About 5,000 people were massed about the depot.

"Occasionally I hear it suggested that persons engaged in the civil service who are opposed to imperialism will vote the republican ticket for fear of losing their positions with the government. Certainly there are not many who would prefer government employment under an empire to whatever risk might attend their employment under a republic. I am not much of an admirer of that civil service which is suspended when a president is inaugurated until he can fill the offices with his friends, and is extended when he is about to retire, in order that he may protect his friends in office.

"I believe that a system of civil service might be devised wherein appointments would be made upon merit and wherein the appointees would hold for a fixed term and not be dependent upon the will of an appointing officer.

"The industrial despotism now inaugurated by the republican party is closing the door of opportunity against the young man and driving many to seek government employment who, under better conditions, would be employed in producing industries."

Mr. Bryan closed with the statement that it was not his highest ambition to be president, "but to make this government so good that to be a private citizen in this republic will be a greater honor than to be a king in any other nation."

A large delegation from the Maryland state central committee met Mr. Bryan here and at a few minutes after 9 he left in a special train of three cars for Rockville, where he made the first of a series of speeches in a tour of Maryland towns.

Before reaching Washington the train on which Mr. Bryan came in made a brief stop at Alexandria, Va. The statement had been made in advance that Mr. Bryan would make a brief speech in that town, and a large number of people had congregated at the railroad yards to greet him.

They received him with vociferous cheers, but no time was given for a speech. Mr. Bryan had only time to say that he felt complimented to have so many people come out to greet him so early in the morning. He said he felt sure of Virginia's support and from what he had seen of other states recently he felt justified in asserting that Virginia would have plenty of company on election day.

The only other stop made in Virginia after daylight was at Manassas. That point was reached at a very early hour. The stop was only for a moment and Mr. Bryan did not

appear. Nevertheless there was a crowd at the station.

IN MARYLAND.

Washington Junction, Md., Oct. 23.—Mr. Bryan's first stopping place in Maryland was at Rockville, in Montgomery county. He spoke there from a stand erected near the railroad station and addressed a fairly-sized crowd, which was only moderately demonstrative.

His speech was largely a repetition of former arguments.

ALL RASCALS LOOK ALIKE.

Frederick, Md., Oct. 23.—"You will hear people say that I, if elected, will not enforce the law. That is not the danger. They know that if I am elected I will put the same kind of striped clothes on a big thief that are put on a little one."

This declaration was made by Mr. Bryan in his speech in this city today.

He had arrived here at 12 o'clock, an hour later than the time set for the beginning of his meeting. He came in on a special train from Washington, which brought a number of people from the capital city, and he found a very large crowd awaiting him at this point.

Here again he encountered a rain storm and the rain fell constantly during his meeting. It was not a heavy downpour, but sufficient to wet people to the skin who remained in it. Nevertheless the majority of the large crowd held on to the end and much of them showed their appreciation by frequent and loud applause.

Mr. Bryan was introduced by Col. L. Victor Baughman, whose home is at this place, and Colonel Baughman, as well as Mr. Bryan, was cordially received.

Mr. Bryan was well along in his speech when he made the declaration above quoted, and this was followed by an additional statement running thus:

"And that is the reason why all the great lawbreakers are against us in this campaign."

IMPRISONED FOR CONTEMPT

PRESIDENT OF CLEVELAND CITY COUNCIL IN JAIL.

Judge Wing Imposes Severe Penalty for Refusal to Testify in Councilmanic Bribery Cases.

Cleveland, Oct. 23.—Judge Wing, of the common pleas court, today ordered President D. B. Steur, of the city council, sent to jail for contempt in refusing to testify in the councilmanic bribery investigation. The court held that the council committee had full authority to compel witnesses to answer questions, and that if they refused to do so they were guilty of contempt. The writ of habeas corpus sought by Steur was denied. Steur has been committed to the county jail.

BIG DEFALCATION RUMORED

NEW YORK BANK SAID TO BE SHORT NEARLY A MILLION.

The First National Bank of New York Is Said to Have Been Robbed of \$700,000 by an Employee.

New York, Oct. 23.—Shortly before the close of business in Wall street this afternoon there was a current rumor to the effect that one of the employees of one of the leading banks in the city had defaulted to a large amount.

The vice president of one of the largest banks, when seen and asked regarding the matter, said he had no statement to make at this time, but might make one shortly after 3 o'clock.

It was stated in Wall street that the bank affected was the First National; that the employee was named Alvord, and that the defalcation will reach a large amount, possibly \$700,000.

Officers of the bank refused information this afternoon, but promised a statement covering Alvord's wrong doing later. The man has not yet been arrested, but will probably be apprehended before long.

The elocutionary entertainment of the lecture course of Simpson M. E. church will be given on Thursday evening. The program will be rendered by Miss Anna Philley, and music will be interspersed throughout the program.

MYSTERY SOLVED

THE MURDERERS OF JENNIE BOSSCHIETERS FOUND.

FOUR YOUNG MEN ARRESTED

A CRIME THAT SHOOKED THE PEOPLE OF PATERSON.

GAVE GIRL KNOCKOUT DROPS

MEN HELD FOR CRIME ARE OF PROMINENCE.

New York, Oct. 23.—Late last night George Kerr, Walter McAllister, William Death and Andrew Campbell were arrested by the police of Paterson, N. J., accused of having caused the death of Jennie Bosschieter, the young woman whose body was found last Friday on the outskirts of Paterson. Kerr and Death are married.

The police say Death has made a confession saying that the four were drinking with the girl and gave her "knock-out" drops. They then took her in a buggy across the bridge into Bergen county, passing the girl's own home on the way to the spot where the body was found the next morning. In the struggle which occurred there one of the men (which one is not stated) tripped the girl, throwing her heavily to the ground. The fall rendered her unconscious and the four men became frightened.

They put her in the buggy and started back to Paterson with her, but changed their minds and again brought her back to the spot where the assault had occurred.

Leaving her there they went for a doctor, whose name was not given by Death. The doctor returned with them and pronounced the girl beyond help. The police say they know who the doctor is.

The four begged the physician to do all he could for the girl and said they would pay the bills. They said they would take her to his house and the physician started on ahead.

The men again placed the girl in the buggy and started away with her. Their fears overcame them again, however. Believing the girl to be dead, they again brought her back to the same spot and placed her body on the ground, making their way back to Paterson afterwards.

The detectives employed on the case assert that death was caused by the "knock-out" drops given her, and not by the blow on the head. Death is an insurance collector; McAllister is a son of a well-to-do silk throwster; Kerr is a member of a wealthy family and brother of former Judge Kerr, and Campbell is foreman in a silk mill.

A fifth arrest was made today, Garrett A. Stoworff being taken into custody. Stoworff was taken to police headquarters at Paterson, where he made a statement. He said he was hired by McAllister, Kerr, Death and Campbell to drive them with Miss Bosschieter in a two-seated rig last Thursday night. He said they stopped at Sael's saloon, where they had some drinks. The girl, after drinking, became stupefied as if she had been drugged. Stoworff said he understood she had been given "knock-out" drops. They placed her in the rig and she became unconscious. The men became frightened as the girl did not revive, and they drove to the office of Dr. Townsend.

The girl continued in an unconscious condition and the men were advised to take her direct to her home. Subsequently they drove to the houses of two other physicians, but did not succeed in getting medical aid, and so went back to the office of Dr. Townsend.

When they got there this time the girl was dead. They then drove out to the place where the body was first discovered, near the Wagarow bridge, in Bergen county, and left the body lying there.

Stoworff said that McAllister gave him \$10 to keep his mouth shut. It is reported that Campbell and Death admitted to Chief Graul that they were in company with the other men under arrest with the girl at the time she met her death. Both are understood to have made statements in writing, but the details have not yet been made public by the police.

HELD FOR MURDER.

Kerr, McAllister, Death and Campbell were successively arraigned before the record senior and were held without bail to await the action of the grand jury. They were charged with murdering Jennie Bosschieter "by giving her powerful drugs, of which she died a lingering death."

It is said that Death has been married only a few months.

ASSOCIATION FORMED.

A number of attorneys met Monday afternoon in the superior court room and organized the Allen County Bar and Library association. Articles of association were presented and adopted. The articles provide for a board of seven directors, of which the judges of the circuit and superior courts shall be ex-officio members, the present judges to occupy that position until their successors shall be elected and qualified. The additional members as chosen yesterday are C. H. Worden, John Morris, Jr., Henry Colerick, T. E. Ellison and S. R. Alden. The board of directors has power to appoint a librarian and assistants and fix their compensation. All attorneys in good standing are eligible to membership.

DISAGREED IN HORSE CASE

THE JURY DELIBERATED EIGHTEEN HOURS.

Discharged by Judge O'Rourke This Morning—News of a Day in Courts.

The jury which spent most of Monday in the circuit court listening to the evidence in the case of Ellsworth vs. Horn, a suit about the possession of a horse, retired at 3:30 Monday afternoon and failed to reach an agreement at 9:30 this morning, after deliberating for eighteen hours. Bailiff Mason brought the jury into court this morning and each jurymen informed Judge O'Rourke that it was impossible to reach an agreement and they were discharged. R. T. Dawson and H. C. Underwood and Henry Colerick were attorneys in the case.

NOTES.

Judge Vesey heard all the evidence and the arguments in the divorce case of Philip B. Schmidt vs. Eliza Schmidt and this morning refused to grant the divorce. He said that there was no evidence to show why the couple should be divorced and even though a cross-complaint had been filed the decree would not have been granted either the husband or wife. Colerick & Thomas and James R. Graham and Hon. T. E. Ellison were attorneys in the case. Judge Vesey dismissed the case of Deltz vs. Bursley.

Della Rogers was in court this morning to answer to contempt proceedings. She had failed to appear at a certain attorney's office for examination as ordered by the court, and this morning was brought into court on attachment proceedings. A physician's certificate was to the effect that she had been ill and the attorneys finally agreed that she should appear tomorrow for examination. The case from which the proceedings grew is one commenced by Margaret Goolby vs. Della Rogers. A. H. Bittinger, E. V. Harris and E. V. Emrick were attorneys in the case.

O. N. Heaton, representing William F. DeVilbiss, administrator of the estate of Lorenzo D. Bellamy, was in circuit court this morning and instituted several suits which are necessary to settle the estate according to law.

In the circuit court Trova R. Royce has made application for divorce from William Royce. J. R. Bittinger penned the complaint.

The will of Mrs. Frances L. Hines has been filed for probate. She leaves her property to her husband and at his death it reverts to her sister.

Ell G. Anderson, Theresa R. Ely and Sallie Evans, administrators of the estate of Calvin Anderson, have filed a final report and made distribution of the property.

Frederick Kroesch has commenced suit for \$250 against Christian Bolman and Wilhelmina Bolman. The suit is to set aside conveyance. Barrett & Morris are attorneys for plaintiff.

FRIENDLY VISITORS.

The Friendly Visitors will meet Wednesday afternoon at 2:30 o'clock at room No. 8, city hall. All persons interested in the work and especially members of the Young People's societies are requested to attend the meeting.

STRIKE NEAR END

BELIEF THAT MINERS WILL SOON BE AT WORK

WAITING FOR NEW NOTICES

TWO BIG COMPANIES ARE HOLDING OUT.

ROADS PREPARING FOR WORK

DISORDER IN WILKESBARRE DISTRICT.

Hazleton, Pa., Oct. 23.—Around the national headquarters of the United Mine Workers today the belief was unanimous that the end of the strike will come within a very short time.

President Mitchell, notwithstanding contrary reports, has set no date for calling off the strike. As soon as all the operators signify their willingness to pay the 10 per cent advance in wages until April the national executive board will be called in session to vote on ending the contest. President Mitchell appears to be more anxious about the Delaware, Lackawanna and Western and the Delaware and Hudson Coal companies than any of the others. These companies have taken such a prominent part in the struggle that it is believed that as soon as they post supplemental notices the other operators will fall into line.

PREPARE TO GO TO WORK.

Wilkesbarre, Pa., Oct. 23.—Empty coal cars are being placed today at all the Delaware, Lackawanna and Western company's mines, and it is apparent that the company is preparing to mine and ship coal.

This is taken as an indication that the companies are getting ready for the return of their men to work, following the posting of notices at every mine.

General Superintendent Lathrop, of the Lehigh Valley Coal company, is said to be in New York today preparing for a resumption of coal shipments.

No attempt was made this morning to resume work at the Stanton washery of the Lehigh and Wilkesbarre Coal company, which was closed yesterday, following an attack on the men by a crowd of women and boys.

Shots were fired this morning from the windows of houses nearby at the coal and iron policemen who were guarding the coal bank. The company rather than see any loss of life withdrew the policemen from the bank and stationed them at the coal breaker. As soon as the policemen took their departure a crowd of men, presumably strikers, marched on the company's property, tore up 800 feet of railroad track and set fire to a tool house.

This afternoon all is quiet at the works.

LONG STRIKE ENDED.

Scranton, Pa., Oct. 23.—The Forest Mining company, at Archbald, employing 900 men, today posted notices giving the 10 per cent increase in wages, reducing the price of powder to \$1.50 a keg, the new price to figure in the increase to contract miners, and guaranteeing the increase to continue until April 1st next, and thereafter until further orders. The employees of this company have been on strike since last January.

Notices of a like character are expected today from all the large companies in the region that have not yet posted their mines.

Thomas Nichols, president of District No. 1 of the United Mine Workers, today admitted that the end of the strike is near and that it would come in a very few days.

A meeting of all the district officers has been called for tomorrow, he said, and at this meeting positive action will probably be taken, provided, however, that all the coal companies will guarantee a 10 per cent advance until April 1.

BOB SHIRLEY FOR TRUSTEE.

Hon. R. B. Shirley is a candidate for trustee of Maumee township. A petition is on file with the election commissioners asking that Mr. Shirley be placed on the township ballot as the candidate of the citizens' party for trustee. The emblem of the party is a pair of scales evenly balanced, representing justice. The petition has between thirty and forty signatures.

Goodness First, Price Afterward.

That's the rule at our store. When we are buying furniture, we don't try to see how cheap we can get the goods, but how good. When we've got a satisfactory quality, we think of the price. That's the safest way to do. It's the most economical, too, if you're looking for real, money-saving economy. We have a great many low-priced things, but nothing "cheap," nothing shoddy.

PRESIDENTIAL PREDICTIONS.

We now have a floodtide of presidential electoral tables predicting the election of McKinley by a large majority from republican sources and also predicting the election of Bryan by a large majority from democratic sources. The democratic national committee has given out the following estimate of the electoral vote, and as it comes from the highest democratic authority, we print it in detail:

States.	Bryan.	McKinley
Alabama	11	8
Arkansas	8	9
California	9	9
Colorado	4	4
Connecticut	6	3
Delaware	3	3
Florida	4	4
Georgia	13	13
Idaho	3	3
Illinois	24	15
Indiana	15	13
Iowa	13	10
Kansas	10	13
Kentucky	13	8
Louisiana	8	6
Maine	6	8
Maryland	8	15
Massachusetts	15	9
Minnesota	9	14
Michigan	14	9
Mississippi	9	17
Missouri	17	3
Montana	3	8
Nebraska	8	3
Nevada	3	4
New Hampshire	4	10
New Jersey	10	36
New York	36	11
North Carolina	11	3
North Dakota	3	23
Ohio	23	4
Oregon	4	32
Pennsylvania	32	4
Rhode Island	4	9
South Carolina	9	4
South Dakota	4	12
Tennessee	12	15
Texas	15	3
Utah	3	4
Vermont	4	12
Virginia	12	4
Washington	4	6
West Virginia	6	12
Wisconsin	12	3
Wyoming	3	259
Total	259	188

The New York Herald gives its forecast in tabular form of the presidential battle, awarding 282 electoral votes to McKinley and 185 to Bryan, but the peculiar feature of the Herald's elaborate presentation of the political situation is the confession that Connecticut, Illinois, Indiana, Maryland, South Dakota, West Virginia, Wisconsin and Wyoming, all of which are given in the McKinley electoral column, are in some greater or less degree doubtful. It also classes Kentucky, Nebraska and Utah as more or less doubtful, whose electoral votes it places in the democratic column.

The latest table given out from republican national headquarters gives McKinley the following votes: California 9, Connecticut 6, Delaware 3, Illinois 24, Indiana 15, Iowa 13, Kansas 10, Maine 6, Maryland 8, Massachusetts 15, Michigan 14, Minnesota 9, New Hampshire 4, New Jersey 10, New York 36, North Dakota 3, Ohio 23, Oregon 4, Pennsylvania 32, Rhode Island 4, South Dakota 4, Utah 3, Vermont 4, Washington 4, Wisconsin 12, Wyoming 3.

Total 278. All the other states are conceded to Bryan by the republican national committee, with the suggestion that Idaho, Montana, Kentucky and Nebraska are doubtful.

The probabilities are that the next election will be replete with surprises and will be controlled very largely, perhaps, wholly, by the untoward of political sentiment that may sweep any or all of the debatable states into the Bryan ranks. Taking the estimates of both the national committee, the one lesson to be learned from them is that the democrats should make earnest and united effort for the states of Maryland, Delaware, New Jersey and New York. They may elect Bryan

without the Empire state, but with New York they would give him an overwhelming popular and electoral majority.

TO TEST SOUTH SIDE SEWER

COMMITTEE OF CITIZENS WILL SELECT ENGINEER.

Big Delegation Calls on the Board of Public Works—The Decatur Line—Municipal Notes.

The South Wayne sewer was again up for discussion before the board of public works yesterday afternoon when a large delegation of South Wayne citizens called and entered a protest against the acceptance of the work or the levying of assessments until a competent engineer had pronounced the work satisfactory. The protest was in writing and sets out a long list of alleged defects, charging among other things that the bottom of the sewer was laid in water without cement; that the sewer is not circular in shape, as the specifications provide, and that errors have lessened its diameter; that the workmen dug below the lower level provided and filled in the hollow space thus created with soft earth, instead of concrete; that in places the sewer wall instead of being eight inches in thickness, is only four and in other places six inches thick; that timbers are left in the trench to form a part of the wall; that the sewer is crooked; that inferior brick has been used, and in many places the brick laid over beds of quicksand without timbers or other support. The remonstrants also asked that the board employ an engineer, to be named by them, to examine the work and pronounce upon it before the board accepted the sewer. The board agreed to this and the delegation, after a brief conference, named Messrs. S. B. Bond, J. M. Barrett, E. C. Erickson, D. N. Foster and C. H. Worden. These gentlemen will look for a first-class engineer and recommend him to the board.

L. B. McIlheny, representing the Decatur interurban street railway, was present and informed the board that inasmuch as there was much opposition to granting a franchise on the route heretofore proposed he would ask for an entrance into the city over the Piqua road to Calhoun street, thence north to connect with the Fort Wayne electric railway at Creighton avenue. He was satisfied he could arrange with the city company. The petition was referred to City Attorney Shambaugh.

The board passed a resolution for vacating Lillie street, from Sheldon street to the right of way of the Findlay, Fort Wayne Western railway, and Sheldon street, from the Findlay right of way to Winter street. Some other minor matters were up for discussion, but nothing of great importance.

MISSING YACHTERS SAFE

New York, Oct. 23.—Captain Frederick Langston, of Brooklyn, whose two sons, Frederick and William H., and Otto Segelke and Noah Mason, were not heard of after they started to sail the yacht Aliris from High Island Beach to Gravesend Bay last Tuesday, received a cable message yesterday announcing that they were safe. The message came from Port Antonio and was dated Oct. 22. It read: "All safe aboard Ethelred Home Monday. Notify Mason and Segelke." The message was signed by William H. Langston.

THE KENTUCKY PUTS TO SEA.

New York, Oct. 23.—The new battleship Kentucky, which is bound for the Asiatic station to relieve the battleship Oregon and which sailed on Sunday but returned the same night to the anchorage off Tompkinsville owing to one of the big guns in the forward turret not working properly upon being tried off Sandy Hook, sailed again today, passing out Sandy Hook at 9:30 a. m. If the turret stands the test that will be given off Sandy Hook the Kentucky will continue on her voyage.

FOUNDED SIXTY YEARS AGO

ORDER OF PROVIDENCE CAME TO AMERICA.

Seniors of St. Augustine's Academy Celebrate the Anniversary With a Fine Program.

Monday evening the senior class of St. Augustine's academy rendered a splendid program in celebration of the diamond jubilee of the Order of Providence and the sixtieth anniversary of the founding of the order in America. This is the order in charge of the academy and the occasion will always remain a delightful memory to all who participated in its pleasures.

Three score years ago six noble women devoted to the great cause of religious education left the shores of sunny France, came to America, and in the wilds of Indiana founded that great institution known as St. Mary's of the Woods. Under the wise direction and as a result of the labor of the venerated foundress, Mother Mary Theodore, the order flourished and one now finds forty-five academies scattered throughout the states and a community of nearly one thousand members who have followed her devoted example.

In honor of the occasion Miss Helen M. Irwin has written a poem, entitled "St. Mary's Jubilee."

ST. MARY'S JUBILEE.

Hark! The convent bells are ringing,
Ringing notes so sweet and low,
Fondlest recollections bringing
Of some sixty years ago.
Sixty years—you'd scarce believe it;
Realization seems a theme;
How the years come stealing o'er us
Like a fair, delusive dream.
Sixty years—a diamond jubilee!
Let a holy anthem raise,
For within our hearts are swelling
Cherished memories, songs of praise.
Cherished memories of the school days
Spent within the hallowed walls
Of the old loved St. Mary's,
Where the sunlight dips and falls.

VANDERBILT'S ANNIVERSARY.

Nashville, Tenn., Oct. 23.—Interesting exercises in celebration of the twenty-fifth anniversary of Vanderbilt university were held today in Gospel Tabernacle. Members of the faculty and board of trustees, students and graduates of the university formed in procession on the grounds and proceeded to the tabernacle. Representatives of many other colleges and universities and friends of Vanderbilt were present. Addresses were delivered by President Arthur T. Hadley, of Yale, and Chancellor Kirkland, of Vanderbilt. The presentation of Kissam hall, the gift of W. K. Vanderbilt, followed. An elaborate musical program was rendered.

MCKINLEYS IN CANTON.

Canton, Ohio, Oct. 23.—President and Mrs. McKinley reached Canton at 10:30 a. m. in a private car attached to the regular Pennsylvania train. There was no organized demonstration, but a large number of people assembled on the station platform and gave them a hearty welcome as they passed under a large flag draped over a section of the platform. Accompanying the president were Secretary Cortelyou, Dr. Hixey, stenographers and clerks from the executive office. It is expected the chief executive will remain here until election day, with the exception of a probable trip to Mansfield for the Sherman funeral.

"Now Don't Get the Blues."

When a cheerful, brave and light-hearted woman is suddenly plunged into that perfection of misery, the blues, it is a sad picture.

It is usually this way:

She has been feeling out of sorts for some time, experiencing severe headache and backache; sleeps very poorly and is exceedingly nervous.

Sometimes she is nearly overcome by faintness, dizziness, and palpitation of the heart; then that bearing-down feeling is dreadfully wearing.

Her husband says, "Now, don't get the blues! You will be all right after you have taken the doctor's medicine."

But she does not get all right. She grows worse day by day, until all at once she realizes that a distressing female complaint is established.

Her doctor has made a mistake.

She loses faith; hope vanishes; then comes the morbid, melancholy, everlasting blues. She should have been told just what the trouble was, but probably she withheld some information from the doctor, who, therefore, is unable to accurately locate her particular illness.

Mrs. Pinkham has relieved thousands of women from just this kind of trouble, and now retains their grateful letters in her library as proof of the great assistance she has rendered them. This same assistance awaits every sick woman in the land.

Mrs. Winifred Allender's Letter.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you of the benefit I have received from your wonderful remedy. Before taking Lydia E. Pinkham's Vegetable Compound, I was a misery to myself and every one around me. I suffered terrible pain in my back, head, and right side, was very nervous, would cry for hours. Menstrual periods sometimes in two weeks, then again not for three or four months. I was so tired and weak, could not sleep nights, sharp pains would dart through my heart that would almost cause me to fall. "My mother coaxed me to try Lydia E. Pinkham's Vegetable Compound. I had no faith in it, but to please her I did so. The first bottle helped me so much that I continued its use. I am now well and weigh more than I ever did in my life."—MRS. WINIFRED ALLENDER, Farmington, Ill.

The Fort Wayne Inter-State league team and the Shamrocks will leave over the Nickel Plate on Thursday at 12:05 for South Whitley, in which town they will play ball in the same afternoon. The Shamrocks defeated the South Whitley team earlier in the season by a score of 25 to 0 and the citizens of that enterprising town determined that if their own team could not beat the Shamrocks they would get one that could, so they chartered the Fort Wayne league team to do the trick. As both teams have scored over each other the game will be a rubber, and it promises to be an exciting one. There are but

WILL BE CLUB DAY

ALL DEMOCRATIC CLUBS WILL CELEBRATE SATURDAY.

A GENERAL DEMONSTRATION

IN EVERY CITY OF THE UNITED STATES.

A PARADE AND SHORT TALKS

SENATOR FAIRBANKS TOMORROW—GOSSIP.

Allen county democrats will follow the request of National Chairman Jones and celebrate next Saturday evening with a general rally and display of flags. It had been arranged that William Vocke or Charles K. Ladd would address Fort Wayne democrats at Saengerbund hall, but a change in program has been made and the speeches have been declared off. Instead there will be a general rally of all Fort Wayne clubs and the clubs at New Haven, Monroeville, Huntstown, Arcola, Hoagland and other Allen county towns may participate if they so desire. The Jefferson, Hendricks and ward clubs will parade the streets of the city and at 8:30 will go to Saengerbund hall, where club members will be called on for short addresses. There will be no set speeches, but it is the intention of the club members to have an old-fashioned democratic love feast. A committee has the matter in charge now and club members will undoubtedly make the occasion one of the big local demonstrations of the campaign.

KERN TO COME.

Hon. John W. Kern, democratic candidate for governor of Indiana, will address the Allen county voters next Monday evening, October 29, at Saengerbund hall. The local clubs will escort him, but there will be no general parade, inasmuch as the republicans will probably have an escort for Senator Beveridge on the same evening. The state committee assigned Mr. Kern for the 29th, and although Mr. Berghoff preferred another date he could not get it. The democratic gubernatorial candidate is one of the best of Indiana's speakers and a fine address is certain to be heard.

SIXTH WARD REPUBLICANS.

The rain interfered with the attendance at the republican meeting in the Sixth ward last evening, but nevertheless there were between 200 and 300 people in the tent to listen to addresses by P. A. Randall, S. M. Foster and R. B. Hanna. J. F. W. Meyer, who was advertised to preside, was not present, and Theodore Thowaid, republican candidate for township trustee, introduced the speakers. There was an incident during the meeting that was not advertised on the bills. Mr. Randall, the first speaker, was comparing the former democrats who now opposed Bryan and the present supporters of the Nebraskan and said: "Look at these men! Would you rather believe what responsible men tell you or would you rather believe Henry Colerick?" He got no further. Mr. Colerick was in the audience and rising to his feet, he said, "I am here, Perry." Mr. Randall was, of course, taken aback, especially as Mr. Colerick's sally was met with cheers. Mr. Randall was clearly disconcerted, especially when he noticed that many of the audience were turning and smiling at Mr. Colerick, and finally he said: "Would you like to say something, Mr. Colerick?" The reply came, "I would like to have about thirty minutes' talk with you, Perry," and there were more cheers. Shortly after these sallies Mr. Randall sat down. Addresses were made by S. M. Foster, who asserted that four years ago he was at least an admirer of Mr. Bryan because he believed he was honest, but now he would take it all back because Mr. Bryan was accepting the support of gold democrats in the east who had opposed him four years ago. After Mr. Foster had finished R. B. Hanna, republican candidate for congress, delivered a half hour's address and in the beginning paid a compliment to Henry Colerick, whom he called a "gentleman and a scholar." He devoted much of his time to a discussion of the tariff.

DEMOCRATS MAKE GAINS.

Hon. G. W. Louttit, one of the democratic nominees for representative, has returned from a tour of political speaking which carried him into eight counties in this section of Indiana, and Mr. Louttit said this morning that in every precinct he visited a democratic gain was reported, some of them running as high as 39 votes. Mr. Louttit spoke at Mer-

iam, Noble county, last evening, and on Saturday night will address the democrats at Topeka, Lagrange county. Four other appointments in Noble and Lagrange counties have been cancelled by Mr. Louttit, who says he desires to devote the remainder of the canvass to his own county.

GERMANS MEET.

There was a largely attended meeting of Germans in Hartman's hall, on Hanna street, last evening, at which Anselm Fuelleb and Jacob Ingenthron delivered addresses. Mr. Ingenthron is president of the Illinois German societies and is doing yeoman service this year for Mr. Bryan.

FAIRBANKS TOMORROW.

Senator C. W. Fairbanks will be in Fort Wayne tomorrow evening and deliver an address. He will be accompanied by W. T. Durbin, republican candidate for governor, who has also promised to deliver a short speech. Mr. Fairbanks and Mr. Durbin will arrive over the Wabash at 6:25 and will be escorted to the New Avenue hotel. Before the speaking there will be a parade. The order of march is as follows: Chief Marshal J. H. Haberley and staff, City band, carriages, Brown and drum corps, German club, colored club, Tenth ward drum corps, Soldiers' Sons and Citizens' club, high school club, Brown's drum corps, rough riders.

Line of March—South on Barr to Montgomery, west on Montgomery to Calhoun, north on Calhoun to Berry, west on Berry to Fulton, north on Fulton to rink. Escort clubs will form on Barr, right resting on Wayne. At the rink Mrs. S. C. Moffat will sing "The Star Spangled Banner."

POLITICAL GOSSIP.

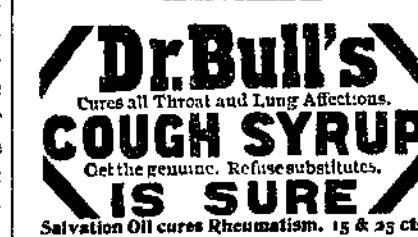

R. B. Hanna will deliver an address to workmen at Princess rink on Thursday evening, Nov. 1. The Jefferson drum corps will meet at Jefferson club rooms at 7 o'clock this evening and prepare for parade.

Judge Allen Zollars is out in the state this week filling assignments made for him by the democratic state committee.

The democratic railroaders are discussing the advisability of organizing a railroad club. More than 300 railroad men went to Huntington Saturday and all of them expressed a desire to become members of a regularly organized club.

WILL RAISE A POLE.

The juvenile republicans of South Wayne will unite this evening in raising a fine ash pole, nearly 100 feet in height, at the corner of Indiana and Home avenues. Attorney E. V. Harris has consented to address the young people.

NOTICE.

THE DAY ON WALL STREET.

New York, Oct. 23.—With the exception of some of the minor specialties opening prices were lower on a brisk selling movement. The international stocks were affected by depression in the London market. Losses did not exceed fractions. The market became highly irregular on varied fluctuations in the specialties. Selling to realize was on a large scale and the few advances did not avail to sustain the market. Some of the steel stocks scored losses extending to 1 and 1 1/2 when the offerings began to fall off prices were bid up again. A sharp recovery in Sugar and Tennessee coal led the rally. Selling pressure was renewed at the advance and prices fell back. Stock prices worked gradually downward on moderate offerings. Occasionally upward spurts in special stocks did not benefit the general list. Sugar got above 124. Trading was quiet at midday, but the western railroad stocks were becoming prominent in the decline. Bonds were irregular.

Mr. Bleke was born in Westphalia, Germany, but came to Fort Wayne many years ago, and for forty-five years was employed at the Pittsburgh shops, giving up that position only when failing health compelled him to do so. SHOP AND RAIL

ELECTRIC WORKS AND WABASH SHOPS INCREASE FORCE.

AN OLD PATROLMAN RESIGNS

JOHN L. FUCHSHUBER QUILTS THE RAILWAY POLICE.

SOME ACCIDENT STATISTICS

MORE MEN KILLED ON RAILWAYS THAN IN BATTLE.

The Fort Wayne Electric company and the Wabash company made some additions to their shop forces within the past week. At the former company's works more machinery, including two drill presses for J. J. Bauer and three drill presses for Tony Millers department, arrived from the old Siemens-Halske works yesterday and were immediately set up and placed in operation. The foundry department, where all the smaller brass pieces employed in the construction of electrical machinery and apparatus are made, has also been remodeled and enlarged to meet the growing demand and the force was increased yesterday by one moulder, John Kaede, and two more are to start to work there tomorrow. At the Wabash shops the boiler department was increased yesterday by the employment of Boilermakers M. J. Bulger and John Cannon and the machine department by the employment of Emil Cheviron and John Nolan. There are to be some more additions to the boiler shop force tomorrow, when some boiler-makers from Chicago will arrive here for that purpose. Both of the shops mentioned are more busy than they have been for many years and each is employing more men than it ever did before.

BONNER'S INSPECTION TOUR.

William Bonner, general western and district freight agent of the Pennsylvania company, is today making his monthly inspection trip over the eastern part of the western division of the Pittsburgh road. He came in last evening on a regular train and left this morning for Crestline on a special, stopping en route at all stations wherein are freight agents. Accompanying Mr. Bonner are Trainmaster J. F. Patterson, Local Freight Agent E. H. Kirkland and Chief Dispatcher W. H. Tiger. The train was in charge of Conductor Andrew Dawson and Engineer William Barden presided at the throttle.

MR. FUCHSHUBER RESIGNS.

John L. Fuchshuber, who has been a member of the Pennsylvania railway police department ever since its organization, surprised Captain Stoll and his fellow officers last evening by announcing his intention of retiring from the force. Mr. Fuchshuber does not announce his intentions, but it is understood that he has something better in sight. He is one of the best officers in the service. Before going on the railway force he was a city policeman for several years.

ACCIDENTS TO TRAINMEN.

It is interesting as a matter of comparison to note that the profession of railroad, so far as it concerns trainmen, is four times as dangerous as that of the soldier, even in war time. During the year ending June 30, 1900, more than 51,000 employees out of a total of over 227,000, were killed or injured by the railroads, while during the same period only 1,640 out of 63,000 in the Philippines suffered in like manner. In fact, it is stated that the casualties on the railroads in the United States exceeded the total number of persons killed and wounded in the Philippines and South Africa, Americans, Filipinos, British and Boers included. These accidents to railway men are of daily occurrence, but as they are widely separated as to location, and not brought to the direct attention of the people the personal equation which enters so largely into public affairs is altogether lacking. Because accidents are so frequent it does not argue that railroads are careless. On the contrary, properly understood, the percentage of accidents to persons liable thereto because of railroads is seen to be so infinitesimal as to establish beyond any doubt the extreme care exercised in conducting the business. To those familiar with railway operation and the multitudinous chances of something going wrong, it is a constant source of wonder that so few accidents happen. The prevalent idea that railroad men are indifferent or careless is wholly erroneous. The utmost vigilance and painstaking care is devoted to train operation, simply because the liability of accident is so well understood. All that can be done to minimize this

danger is being done by those charged with railroad operation, but even so it is to be feared that for many years to come railroading will rank equal to, if not above, war in danger to those engaged therein.

SPECIAL TO HUNTINGTON.

St. Mary's Catholic church, of Huntington, is holding a fair in that city this week and for the accommodation of the many Fort Wayne people who wish to attend, the Wabash road will run a special train Thursday evening, leaving this city at 7:15 in the evening and returning at 11:30. Popular rates will be charged for transportation.

ENLARGING STORE ROOM.

A gang of carpenters were put at work this morning in enlarging the store room at the Pittsburgh shops. This was made possible by the removal a short time ago of the tool room to the new room on the west side of the machine shop, fitted up for that purpose. The old store room will be remodeled throughout and enlarged to meet the increasing demand upon it.

INDUSTRIAL NOTES.

Nickel Plate Engineer Charles Titus and Fireman Fred Roemke are sick and off duty.

George Hannan, of the Rhine Smith & Simonson lumber yards, is off duty on account of sickness.

H. Gumbert, a flue cutter in the Pittsburgh shops, is on duty again after an illness of a few days.

E. H. Seiden will leave tomorrow for the east in the interest of the Belden-Larwill Electric company.

Boilermaker Henry Cour, who had a hand injured last week, resumed his duties in the Wabash shops this morning.

Mrs. Hugh Welsch, wife of the stationary fireman at the Pittsburgh planing mills, goes to Toledo tomorrow to visit relatives.

Elijah Smith has been elected president of the Bel River road, which, by acts of Indiana courts, has been separated from the Wabash.

Patrick Coffey, machinist, has returned from Toledo, where he was engaged upon some repair work for the Wabash a few days.

A pretty baby girl has arrived at the home of Mr. and Mrs. Theodore Dobler. The father is a clerk in the Pennsylvania road house.

Nickel Plate Brakeman R. M. Beltz had the misfortune to injure one of his shoulders yesterday and will be off duty a few days in consequence.

The Lake Shore last week let the contract for a new elevator at Chicago, to cost \$100,000 and to have a capacity of 750,000 bushels of grain.

Switchman Harry Malcom, of the Pittsburgh's warehouse engine, was taken sick yesterday and had to return home. He is still unable to work.

Cornell Morganthaler went to Plymouth this morning in the interest of the Fort Wayne Electric company. He is one of the company's traveling salesmen.

Frank Sleeper resumed his duties at the throttle of a Nickel Plate engine yesterday, after a month's absence on account of the sickness of his wife.

J. Nipper quit a position he held for some time in the Pittsburgh planing mills to accept a position as fireman on the Gand Rapids and Indiana road.

C. M. Jones, of the Pittsburgh freight house, is enjoying his annual vacation, a portion of which he will spend at his old home, Ogdensburg, N. Y.

Ed Rist, boilermaker, is again sick. Yesterday morning he reported for work at the Wabash shops, after an illness of a month and last evening suffered a relapse.

Operator W. C. Norton, of the west yards of the Nickel Plate, was taken ill yesterday and Operator C. H. Meek completed the "trick" in addition to taking care of his own.

Engineer F. W. Lewis and A. M. Walsh and Fireman H. C. Hambrook and F. E. Wilmore, of the Pittsburgh, are off duty. Messrs. Lewis and Hambrook on account of sickness.

Daniel Bevelshimer, the Pittsburgh crossing watchman, who is taking a three month's leave of absence, has returned from Kansas, where he visited relatives. He will now go to Richmond and Decatur.

Machinist John Weiden has returned from Alliance, O., where he attended the funeral of his brother-in-law last week. Mr. Weiden resumed his duties in the Pittsburgh round house this morning.

Ed Quinn, G. Kallenbach and William Rohyans, of the Pittsburgh round house; J. Reidel and J. Fulford, of the planing mills, and M. J. Murphy, of the blacksmith shop, are off duty, mostly on account of sickness.

The Pittsburgh Locomotive works last week completed the two thousandth engine built at the works. A number of their engines are on the Vanderbilt and the Cincinnati, Hamilton and Dayton lines, and give very satisfactory service.

Engineer and Mrs. Henry Jones have returned from Michigan, where they spent two weeks with old friends. While in Michigan Mr.

Jones went to Ann Arbor, where he spent his childhood days, but found only one relative, a cousin, living there.

P. Schopmann, a boilermaker at the Bass works, has gone to Bluffton, where he will assist in the work of renewing the flues in the battery of boilers at the Gas company's pumping station. The work will probably consume two or three weeks.

Dr. J. H. Talbot, medical examiner for the Panhandle, with headquarters at Indianapolis, is taking his annual vacation, which he will spend in visiting friends at the various Pennsylvania railway centers. Today he is the guest of Dr. E. F. Wagner.

The Pennsylvania and the Nickel Plate announce special rates to Chicago October 28 and November 1 inclusive. The horse show will be on in that city on those dates and it promises to draw a larger crowd than some of the former exhibitions of that character.

R. F. Douglas, of the Wabash ticket office, has been appointed sub-agent for the Pacific Express company money order department, and hereafter money orders will be on sale at the Wabash ticket office. Mr. Douglas will continue in his present position with the railway company.

George Harknerider was the victim of a painful accident at the electric works this morning. One of his arms was caught in some machinery he was operating and the flesh was quite severely cut. The young man is a son of Sargeant Henry J. Harknerider, of the city police force.

John K. Cowen, president of the Baltimore and Ohio, and last week elected president of the Pittsburgh and Western, has issued a circular stating that there will be no change in the personnel of the Pittsburgh and Western road for the present, all heads of departments to continue in discharge of their duties as heretofore.

Since the railroads stopped paying commissions on sales of tickets the income of the ticket agents is so reduced that several hundred agents in different parts of the country have resigned. The general passenger agents have been asked to recommend an increase in pay for agents on a number of the important lines.

Harry Stephenson resumed the place at the Bass machine shop he vacated last summer, when with others he went to Wyoming to work on a railroad. His experience in the west was not of the most pleasant kind and came near ending fatallly. He was sick with typhoid fever, which he contracted in the camp.

Nickel Plate engine 20 has been rebuilt and is now as good as new. It will go into service on the Third district today, with Engineer H. W. Frase and Fireman John Sanburn in the cab. Engine 84, also just rebuilt at the Stony Island shops, passed through here yesterday, en route to Bellevue to go into yard service.

The opinion prevails that at the next meeting of the National Association of General Ticket and Passenger Agents, an insurance department will be organized. In a number of instances prominent passenger officials have died, leaving their families almost destitute, and an insurance department would afford them relief.

Notwithstanding the strike of the anthracite coal miners, the freight movement over both the Pennsylvania and the Philadelphia and Reading roads has largely increased since October 1. The Pennsylvania is hauling immense quantities of soft coal and coke and general merchandise.

Hard coal shipments have fallen off almost entirely, but the loss is scarcely noticeable, as many of the industries that use hard coal are now burning bituminous.

On Saturday the New York Central opened to the public the new passenger waiting room at New York city. The great room just completed is impressive in size and beauty. It is 200 feet long by 100 feet wide and seventy feet high. Its marble columns and wainscoting, artistic decorative finish in pure white, and the corrugated ceiling of steel and colored glass, dotted with bullseye electric lights, is said to give it an appearance of massive elegance. The furniture is in keeping with the size and style of the room.

He has changed his mind about remaining in Fort Wayne this winter and on next Friday will depart for his home in Massachusetts. All local fandom will wish "Berg" success in the big league.

REWARD OF MERIT.

A New Catarth Cure Secures National Popularity in Less Than One Year.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article to say nothing of achieving popular favor, and yet within one year Stuart's Catarth Tablets, the new catarth cure, has met with such success that today it can be found in every drug store throughout the United States and Canada.

To be sure, a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public but every one familiar with the subject knows that advertising alone never made any article permanently successful. It must have in addition absolute, undeniable merit, and this the new catarth cure certainly possesses in a marked degree.

Physicians, who formerly depended upon inhalers, sprays and local washes or ointments now use Stuart's Catarth Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarth remedies, such as red gum, Guaiac, Eucalyptol and Sanguinaria.

They contain no cocaine nor opiate, and are given to little children with entire safety and benefit.

Dr. J. S. Reiter, of Covington, Ky., says: "I suffered from catarth in my head and throat every fall, with stoppage of the nose and irritation in the throat, affecting my voice, and often extending to the stomach, causing a fit of the stomach. I bought a fifty cent package of Stuart's Catarth Tablets at my drug list, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarth last winter and spring and consider myself entirely free from any catarth trouble."

Mrs. Jerome Ellison, of Wheeling, W. Va., writes: "I suffered from catarth nearly my whole life and last winter my two children also suffered from catarth colds and sore throat so much they were out of school a large portion of the winter. My brother who was cured of catarth deafness by using Stuart's Catarth Tablets urged me to try them so much that I did so and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and catarth is no longer a household affliction with us."

Full sized packages of Stuart's Catarth Tablets are sold for fifty cents at all druggists.

CONGER FURNISHES ADVICES

GREAT BRITAIN GETS HARBOR
CHING-WAN-TAO.

Washington, Oct. 23.—It is not the purpose of the state department to act upon the suggestion contained in the British-German agreement respecting China, and give it its adherence for several days at least.

The subject is one of sufficient importance to warrant careful consideration, and especially is it desirable that some before light be shed upon the third clause of the agreement before the United States acts, though it is not doubted that at least a qualified adherence will be given.

The department is in correspondence by cable with Mr. Conger, who is advising it freely of the various propositions that arise before the body of ministers resident at Peking, who are now, in conformity with the terms of the French note, consulting with the object of beginning negotiations with the Chinese government.

It cannot be gathered, however, that any marked progress has been achieved up to this moment.

BRITAIN LEASES HARBOR.

London, Oct. 23.—The Globe this afternoon announces that Great Britain has leased from the English contractors the harbor works at Ching-Wan-Tao, now in course of construction, for a period of eight months, with the object of landing men and stores there and utilizing the branch railroad thence to Tang-Ho, where it joins the main line to Peking.

FAVOR THE FRENCH BASIS.

Paris, Oct. 23.—At a cabinet council today M. Delcasse, the minister of foreign affairs, announced that the ministers of the powers at Peking must recently to semi-officially examine the French propositions as a basis for peace negotiations and showed themselves favorable thereto.

QUIET AT CANTON.

Hong Kong, Oct. 23.—The situation at Canton is comparatively quiet. It is reported that the consuls have received letters warning them of danger.

Refugees from Hui-Chow say the rebels are welcomed everywhere. They take nothing without payment and are treated as guests instead of as enemies. Their leaders are supposed to number ten, each commanding a separate band. The one operating in the How-Lung Hinterland is a mere straggler, but is everywhere successful. He is reported to have defeated a large body of imperial troops, killing a hundred of the Chinese soldiers.

The surnames of four of the rebel chiefs are Fong, Ho, Ching and Chan.

AMERICANS LEAVE PEKIN.

Pekin, Oct. 21, Via Tien Tsin, Oct. 22, and Shanghai, Oct. 23.—The Fourteenth United States infantry has departed from the city. It was escorted beyond the walls by the other American troops.

The Royal Welsh fusiliers have also departed. The date of the meeting of the foreign ministers with Prince Ching and Li Hung Chang has not yet been definitely fixed.

Some of the ministers have not yet received instructions from their governments; two are absent from the capital and one is ill.

MRS. BRICE ILL.

New York, Oct. 23.—Mrs. Calvin B. Brice, the widow of Senator Brice, of Ohio, is ill in her home in Fifth avenue. Her condition, according to the Herald, is such as to cause grave fears as to her recovery.

ESCAPED CONVICTS FOUND.

Poughkeepsie, N. Y., Oct. 23.—All of the seven convict patients who escaped from the Mattawan state hospital on Sunday evening have now been captured. Superintendent Allison received a message today that McGarthy, Foster and Johnson, the last of the fugitives to remain at

large, had been apprehended during the night at Middle Hope, where Clark, Elum and Murphy were recaptured yesterday afternoon. These men remained hidden in a barn not far from the spot where the others were caught and they were run down after they left the barn to make their way out of the neighborhood. Attendants have been sent after the men.

FIVE CHILDREN SUFFOCATED.

Montreal, Oct. 23.—A fire which broke out in a small tenement house of Archambault Lane at 1:30 this morning resulted in the death by suffocation of five children. The father, Arthur LeBlanc, a shoemaker, was badly burned, but will live. The mother was only slightly injured. The children were in an upper room and were dead before the firemen were near them.

FUNERAL OF JOHN SHERMAN

ARRANGEMENTS FOR SERVICE
IN WASHINGTON.

Obsequies at Sherman Home After
Which the Remains Will Be
Taken to Mansfield Home

Washington, Oct. 23.—The following is the complete list of honorary pall-bearers for the funeral of former Secretary of State John Sherman tomorrow:

Secretary Hay, Secretary Gage, Justice Harlan, of the supreme court; Admiral Dewey, Gen. Nelson A. Miles, ex-Senator J. D. Cameron, Mr. J. A. Kasson, of the state department; Judge Bancroft Davis, Senator Hawley and Myron M. Parker, of this city.

The family of Mr. Sherman have sent personal invitations for the services in this city to such members of the diplomatic corps as have left cards at the house.

Owing to the fact that Mr. Sherman was not at the time of his death connected with the state department, it is impossible for the department to issue a general official invitation to the diplomatic corps to attend the services.

It is the wish of the family, however, that all members of the corps now in Washington should feel themselves included in the general invitation.

The funeral train will leave Washington for Mansfield, O., at 3:30 tomorrow afternoon.

TALKS TO FEDERAL CLERKS

GIVES AN OPINION OF CIVIL
SERVICE REFORM.

Washington, Oct. 23.—Hon. William J. Bryan spent an hour and a quarter at the national capital today. His train arrived over the Chesapeake and Ohio railroad from West Virginia, at 7:55 o'clock this morning, an hour late. About 1,000 people were waiting him at the depot.

A force of three score policemen and detectives were distributed between the two depots to maintain order. As the train pulled in, amid cheers of the waiting crowd, ex-Judge William M. Springer, former chairman of the house committee on ways and means, and an old colleague and warm friend of the democratic candidate, stepped to Mr. Bryan's car at the rear of the train and welcomed him.

The two then passed down through the depot followed by a large and enthusiastic crowd and gradually worked their way to the entrance.

Here an automobile was in waiting, and they were taken to the residence of Judge Springer, opposite the capital, where Mr. Bryan had breakfast.

Col. Isaac Hill, democratic "whip" of the house of representatives, was the only other guest. A few minutes before 9 o'clock Mr. Bryan was driven to the Baltimore and Ohio depot, where he made a brief speech from his automobile. He spoke on imperialism and civil service. About 5,000 people were massed about the depot. Mr. Bryan said:

"Occasionally I hear it suggested that persons engaged in the civil service who are opposed to imperialism will vote the republican ticket for fear of losing their positions with the government. Certainly there are not many who would prefer government employment under an empire to whatever risk might attend their employment under a republic. I am not much of an admirer of that civil service which is suspended when a president is inaugurated until he can fill the offices with his friends, and is extended when he is about to retire, in order that he may protect his friends in office.

"I believe that a system of civil service might be devised wherein appointments would be made upon merit and wherein the appointees would hold for a fixed term and not be dependent upon the will of an appointing officer.

"The industrial despotism now inaugurated by the republican party is closing the door of opportunity against the young man and driving many to seek government employment who, under better conditions, would be employed in producing industries."

Mr. Bryan closed with the statement that it was not his highest ambition to be president, "but to make this government so good that to be a private citizen in this republic will be a greater honor than to be a king in any other nation."

A large delegation from the Maryland state central committee met Mr. Bryan here and at a few minutes after 9 he left in a special train of three cars for Rockville, where he made the first of a series of speeches by a tour of Maryland towns.

Before reaching Washington the train on which Mr. Bryan came in made a brief stop at Alexandria, Va. The statement had been made in advance that Mr. Bryan would make a brief speech in that town, and a large number of people had congregated at the railroad yards to greet him.

They received him with vociferous cheers, but no time was given for a speech. Mr. Bryan had only time to say that he felt complimented to have so many people come out to greet him so early in the morning. He said he felt sure of Virginia's support and from what he had seen of other states recently he felt justified in asserting that Virginia would have plenty of company on election day.

The only other stop made in Virginia after daylight was at Manassas. That point was reached at a very early hour. The stop was only for a moment and Mr. Bryan did not

appear. Nevertheless there was a crowd at the station.

IN MARYLAND.

Washington Junction, Md., Oct. 23.—Mr. Bryan's first stopping place in Maryland was at Rockville, in Montgomery county. He spoke there from a stand erected near the railroad station and addressed a fairly sized crowd, which was only moderately demonstrative.

His speech was largely a repetition of former arguments.

ALL RASCALS LOOK ALIKE.

Frederick, Md., Oct. 23.—"You will hear people say that I, if elected, will not enforce the law. That is not the danger. They know that if I am elected I will put the same kind of striped clothes on a big thief that are put on a little one."

This declaration was made by Mr. Bryan in his speech in this city today.

He had arrived here at 12 o'clock, an hour later than the time set for the beginning of his meeting. He came in on a special train from Washington, which brought a number of people from the capital city, and he found a very large crowd awaiting him at this point.

Here again he encountered a rain storm and the rain fell constantly during his meeting. It was not a heavy downpour, but sufficient to wet people to the skin who remained in it. Nevertheless the majority of the large crowd held on to the end and much of them showed their appreciation by frequent and loud applause.

Mr. Bryan was introduced by Col. L. Victor Baughman, whose home is at this place, and Colonel Baughman, as well as Mr. Bryan, was cordially received.

Mr. Bryan was well along in his speech when he made the declaration above quoted, and this was followed by an additional statement running thus:

"And that is the reason why all the great lawbreakers are against us in this campaign."

Cleveland, Oct. 23.—Judge Wing, of the common pleas court, today ordered President D. B. Steur, of the city council, sent to jail for contempt in refusing to testify in the councilmanic bribery investigation. The court held that the council committee had full authority to compel witnesses to answer questions, and that if they refused to do so they were guilty of contempt. The writ of habeas corpus sought by Steur was denied. Steur has been committed to the county jail.

BIG DEFALCATION RUMORED

NEW YORK BANK SAID TO BE
SHORT NEARLY A MILLION.

The First National Bank of New York
Is Said to Have Been Robbed of
\$700,000 by an Employee.

New York, Oct. 23.—Shortly before the close of business in Wall street this afternoon there was a current rumor to the effect that one of the employees of one of the leading banks in the city had defaulted to a large amount.

The vice president of one of the largest banks, when seen and asked regarding the matter, said he had no statement to make at this time, but might make one shortly after 3 o'clock.

It was stated in Wall street that the bank affected was the First National; that the employee was named Alvard, and that the defalcation will reach a large amount, possibly \$700,000.

Officers of the bank refused information this afternoon, but promised a statement covering Alvard's wrong doing later. The man has not yet been arrested, but will probably be apprehended before long.

The elocutionary entertainment of the lecture course of Simpson M. E. church will be given on Thursday evening. The program will be rendered by Miss Anna Philley, and music will be interspersed throughout the program.

MYSTERY SOLVED

THE MURDERERS OF JENNIE
BOSSCHIETERS FOUND.

FOUR YOUNG MEN ARRESTED

A CRIME THAT SHOCKED THE
PEOPLE OF PATERSON.

GAVE GIRL KNOCKOUT DROPS

MEN HELD FOR CRIME ARE OF
PROMINENCE.

New York, Oct. 23.—Late last night George Kerr, Walter McAllister, William Death and Andrew Campbell were arrested by the police of Paterson, N. J., accused of having caused the death of Jennie Bosschieter, the young woman whose body was found last Friday on the outskirts of Paterson. Kerr and Death are married.

The police say Death has made a confession saying that the four were drinking with the girl and gave her "knock-out" drops. They then took her in a buggy across the bridge into Bergen county, passing the girl's own home on the way to the spot where the body was found the next morning. In the struggle which occurred there one of the men (which one is not stated) tripped the girl, throwing her heavily to the ground. The fall rendered her unconscious and the four men became frightened.

They put her in the buggy and started back to Paterson with her, but changed their minds and again brought her back to the spot where the assault had occurred.

Leaving her there they went for a doctor, whose name was not given by Death. The doctor returned with them and pronounced the girl beyond help. The police say they know who the doctor is.

The four begged the physician to do all he could for the girl and said they would pay the bills. They said they would take her to his house and the physician started on ahead.

The men again placed the girl in the buggy and started away with her. Their fears overcame them again, however. Believing the girl to be dead, they again brought her back to the same spot and placed her body on the ground, making their way back to Paterson afterwards.

The detectives employed on the case assert that death was caused by the "knock-out" drops given her, and not by the blow on the head.

Death is an insurance collector; McAllister is a son of a well-to-do silk throwster; Kerr is a member of a wealthy family and brother of former Judge Kerr, and Campbell is foreman in a silk mill.

A fifth arrest was made today, Garrett A. Stowcroft being taken into custody. Stowcroft was taken to police headquarters at Paterson, where he made a statement. He said he was hired by McAllister, Kerr, Death and Campbell to drive them with Miss Bosschieter in a two-seated rig last Thursday night. He said they stopped at Shal's saloon, where they had some drinks. The girl, after drinking, became stupefied as if she had been drugged. Stowcroft said he understood she had been given "knock-out" drops. They placed her in the rig and she became unconscious. The men became frightened as the girl did not revive, and they drove to the office of Dr. Townsend.

The girl continued in an unconscious condition and the men were advised to take her direct to her home. Subsequently they drove to the houses of two other physicians, but did not succeed in getting medical aid, and so went back to the office of Dr. Townsend.

When they got there this time the girl was dead. They then drove out to the place where the body was first discovered, near the Wagatrow bridge, in Bergen county, and left the body lying there.

Stowcroft said that McAllister gave him \$10 to keep his mouth shut. It is reported that Campbell and Death admitted to Chief Graul that they were in company with the other men under arrest with the girl at the time she met her death. Both are understood to have made statements in writing, but the details have not yet been made public by the police.

HELD FOR MURDER.

Kerr, McAllister, Death and Campbell were successively arraigned before the record senior and were held without bail to await the action of the grand jury. They were charged with murdering Jennie Bosschieter "by giving her powerful drugs, of which she died a lingering death."

It is said that Death has been married only a few months.

The jury which spent most of Monday in the circuit court listening to the evidence in the case of Ellsworth vs. Horn, a suit about the possession of a horse, retired at 3:30 Monday afternoon and failed to reach an agreement at 9:30 this morning, after deliberating for eighteen hours. Bailiff Mason brought the jury into court this morning and each jurymen informed Judge O'Rourke that it was impossible to reach an agreement and they were discharged. E. T. Dawson and H. C. Underwood and Henry Colerick were attorneys in the case.

NOTES.

Judge Vesey heard all the evidence and the arguments in the divorce case of Philip B. Schmidt vs. Eliza Schmidt and this morning refused to grant the divorce. He said that there was no evidence to show why the couple should be divorced and even though a cross-complaint had been filed the decree would not have been granted either the husband or wife. Colerick & Thomas and James E. Graham and Hon. T. E. Ellison were attorneys in the case.

Judge Vesey dismissed the case of Deltz vs. Bursley.

Della Rogers was in court this morning to answer to contempt proceedings. She had failed to appear at a certain attorney's office for examination as ordered by the court, and this morning was brought into court on attachment proceedings. A physician's certificate was to the effect that she had been ill and the attorneys finally agreed that she should appear tomorrow for examination. The case from which the proceedings grew is one commenced by Margaret Goolby vs. Della Rogers. A. H. Bittinger, E. V. Harris and E. V. Emrick were attorneys in the case.

O. N. Heaton, representing William E. DeVillias, administrator of the estate of Lorenzo D. Bellamy, was in circuit court this morning and instituted several suits which are necessary to settle the estate according to law.

In the circuit court Trova R. Royce has made application for divorce from William Royce. J. R. Bittinger penned the complaint.

The will of Mrs. Frances L. Hines has been filed for probate. She leaves her property to her husband and at his death it reverts to her sister.

Eli G. Anderson, Theresa R. Ely and Sallie Evans, administrators of the estate of Calvin Anderson, have filed a final report and made distribution of the property.

Frederick Kroesch has commenced suit for \$250 against Christian Bolman and Wilhelmina Bolman. The suit is to set aside conveyance. Barrett & Morris are attorneys for plaintiff.

FRIENDLY VISITORS.

The Friendly Visitors will meet Wednesday afternoon at 2:30 o'clock at room No. 3, city hall. All persons interested in the work and especially members of the Young People's societies are requested to attend the meeting.

STRIKE NEAR END

BELIEF THAT MINERS WILL
SOON BE AT WORK

WAITING FOR NEW NOTICES

TWO BIG COMPANIES ARE HOLD-
ING OUT.

ROADS PREPARING FOR WORK

DISORDER IN WILKESBARRE
DISTRICT.

Hazleton, Pa., Oct. 23.—Around the national headquarters of the United Mine Workers today the belief was unanimous that the end of the strike will come within a very short time.

President Mitchell, notwithstanding contrary reports, has set no date for calling off the strike. As soon as all the operators signify their willingness to pay the 10 per cent advance in wages until April the national executive board will be called in session to vote on ending the contest. President Mitchell appears to be more anxious about the Delaware, Lackawanna and Western and the Delaware and Hudson Coal companies than any of the others. These companies have taken such a prominent part in the struggle that it is believed that as soon as they past supplemental notices the other operators will fall into line.

PREPARE TO GO TO WORK.

Wilkesbarre, Pa., Oct. 23.—Empty coal cars are being placed today at all the Delaware, Lackawanna and Western company's mines, and it is apparent that the company is preparing to mine and ship coal.

This is taken as an indication that the companies are getting ready for the return of their men to work, following the posting of notices at every mine.

General Superintendent Lathrop, of the Lehigh Valley Coal company, is said to be in New York today preparing for a resumption of coal shipments.

No attempt was made this morning to resume work at the Stanton washery of the Lehigh and Wilkesbarre Coal company, which was closed yesterday, following an attack on the men by a crowd of women and boys.

Shots were fired this morning from the windows of houses nearby at the coal and iron policemen who were guarding the coal bank. The company rather than see any loss of life withdrew the policemen from the bank and stationed them at the coal breaker. As soon as the policemen took their departure a crowd of men, presumably strikers, marched on the company's property, tore up 200 feet of railroad track and set fire to a tool house.

This afternoon all is quiet at the works.

LONG STRIKE ENDED.

Scranton, Pa., Oct. 23.—The Forest Mining company, at Archbald, employing 900 men, today posted notices giving the 10 per cent increase in wages, reducing the price of powder to \$1.50 a keg, the new price to figure in the increase to contract miners, and guaranteeing the increase to continue until April 1st next, and thereafter until further orders. The employees of this company have been on strike since last January.

Notices of a like character are expected today from all the large companies in the region that have not yet posted their mines.

Thomas Nichols, president of District No. 1 of the United Mine Workers, today admitted that the end of the strike is near and that it would come in a very few days.

A meeting of all the district officers has been called for tomorrow, he said, and at this meeting positive action will probably be taken, provided, however, that all the coal companies will guarantee a 10 per cent advance until April 1.

ROOSEVELT'S DAY

ROUGH RIDER SEEKING THE
ELUSIVE VOTE.

CONTINUES TOUR OF STATE

WARNS THAT HE WILL CURE
THE DISORDERLY.

TO INDULGE IN PLAIN TALK

HE ADMITS THERE ARE SOME
THINGS WRONG.

Kingston, N. Y., Oct. 23.—Despite the serious strain of the numerous speeches made yesterday, Governor Roosevelt found his throat in excellent condition this morning when he arose. He had declined the numerous invitations to rest at private houses and slept on the special train, at "the noisiest place," as he described it, since he began his trip. It was at the junction of the West Shore and Ulster and Delaware railroads and moving engines and trains were frequent.

The governor rose early and breakfasted before the start for the mountains, which was scheduled for 9 o'clock. He was inclined to laugh over the numerous interruptions at out-door points yesterday. Relating to the one made in front of the Y. M. C. A. rooms last evening in this city, he was told by Capt. Joseph Dickey that the element that created the disturbance was composed of loungers and foreigners. He laughed and said:

"Well, if they insist on answers and won't let the meetings go on in an orderly manner, I'll drive them away by talk that they can understand."

He was assured that the country through which he was going today would not produce the same kind of disorder. It was 9 o'clock when the train pulled out of the station and started up the Catskill mountains.

The trip for the day covers 276 miles and requires running on three different roads. Fifteen speeches will be made by the candidate.

The morning was beautiful and the mountains looked their prettiest in autumn attire. Capt. Joseph Dickey, of Newburgh, and George J. Smith, of Kingston, went with the party from here.

THE FIRST STOP.

West Shokan, N. Y., Oct. 23.—West Hurley was the first stop of the day and an enthusiastic, though small, crowd greeted Mr. Roosevelt. The governor said:

"It seems to me in this campaign the issue is whether or not the people of the United States have the good sense to understand what not to do; in other words, whether we do or do not understand any existing evils would be aggravated by Bryanism and existing good wiped out by it. There will always be difficulties to face; always things to make better, but no man qualified to exercise in the wisest way the duties of American citizenship will believe that evil can be best wiped out by smothering the evils and the good when the good predominates."

DEFENDS HIS RECORD.

Phoenicia, N. Y., Oct. 23.—The Roosevelt train made its second stop at Shokan, and here to about the entire population of the place the governor said:

"I wish the hum of industry over there would give me a chance to speak (referring to a steam whistle which was tooting loudly in a manufacturing establishment near the depot). I have but a moment here, and I want to call your attention to one phase of this contest. Mr. Bryan says he wants to benefit the wage worker and give him a better share in the prosperity. So do I. Mr. Bryan's remedy is to make the employer and the wage worker earn nothing and to reduce them to a common level of misery."

The governor then referred the audience to his record on labor matters during his term of office and said:

"I will join most heartily in any honest, intelligent effort through legislation or through administration to make things better. You are not going to eradicate evils by killing the patient."

ADMITS SOME EVILS.

Pine Hill, N. Y., Oct. 23.—At Phoenicia there was a big crowd of men, women and children. Governor Roosevelt briefly referred to the fact that there were evils in the country and things that ought to be improved, but said he would not join with Mr. Bryan in trying to remedy them by destroying everything in the country. The governor told his hearers Charles Lamb's story of how the Chinese discovered roast pig was good, but said he did not believe, as the Chinese did for awhile, that the way to roast a pig was to burn down a house.

The fourth stop of the Roosevelt train was at Shandaken. Amidst the cheers that greeted the vice presidential candidate as he stepped out on the platform, a voice cried out: "Hurrah for Bryan!"

The cheers were not given, instead three cheers for Roosevelt were proposed and given. The governor, turning to the Bryanite, said:

"I am tempted to ask why you hurrah for Bryan?"

"Because he has come here to aid Mr. Croker because he gave the poor people ice this summer in New York," came back the reply.

"Mr. Bryan gave the poor people ice?" asked Governor Roosevelt, in a surprised tone. "Do you mean you believe that? If you do, I don't wonder you can hurrah for Bryan and anything else."

"Now, gentlemen, I am going to speak of something suggestive of that gentleman," resumed Mr. Roosevelt.

"Never mind him," was shouted. "I don't like him; he amuses and interests me."

The governor then went on to say he appealed to republicans and democrats alike, and asked them to distinguish between the names of things and the things themselves, and stated "a ton of oratory was not worth an ounce of performance."

MR. MONETT HERE

BRILLIANT YOUNG OHIOAN
WHO IS OUT FOR BRYAN.

HIS VOICE AGAINST TRUSTS

WAS TWICE REPUBLICAN ATTORNEY GENERAL OF OHIO.

TRUST FIGHT WON HIM FAME

SPENT DAY IN FORT WAYNE—
SPEAKS AT NUNCIE.

Hon. F. S. Monnett, twice elected attorney general of Ohio on the republican ticket and one of the most earnest and gifted young attorneys of the Buckeye state, was in Fort Wayne today. Mr. Monnett is known far beyond the borders of his own state, too, for he has caused unmeasured consternation in Ohio republican ranks by declaring squarely and unequivocally for the election of William Jennings Bryan.

Mr. Monnett is doing more than that, for he is devoting his time and his talents to pleading the cause of the common people against the grasp of monopoly. There is not the faintest trace of ostentation about Mr. Monnett. He is a most pleasing conversationalist and his manner is modest and unassuming, but no one can fail to notice the deep sincerity of his purpose. It was the republican party's too friendly attitude toward the trusts that drove Mr. Monnett from its ranks, and in talking to a reporter for The Sentinel this morning the gifted Ohioan said:

"I could not do less than leave my old party to retain my own honor. I was elected upon a straightforward anti-trust platform, and when I became attorney general of Ohio I set about to do nothing less than my whole duty. The laws were there, and I made an honest effort to enforce them. Instead of being sustained by my party I was hindered on every hand and in every possible way. Obstructions of every conceivable character were interposed in the interests of the monopolies, but we succeeded in at least nanking it interesting for them, and we unlearned some conditions that I do not believe the people had previously suspected."

Mr. Monnett's declaration for Mr. Bryan was made October 12 at a large anti-trust meeting at Columbus, and when the reporter mentioned the fact that Mr. Bryan had referred to it in several of his Ohio speeches, Mr. Monnett said:

"Yes, I was with the Bryan train through part of its Ohio trip and Colonel Bryan requested me to accompany him to New York, but I preferred to do what I could for the people of my own state first. Your Indiana committee telegraphed requesting twelve speeches, but every day of my time, with the single exception of tonight, had been assigned to him."

"And how is the outlook there?" inquired the reporter.

"Over the northern part of the state, especially in Cuyahoga and Mahoning counties, where my recent visits have made me more familiar with the situation, it is extremely bright for the democratic nominees. It is undoubtedly a fact that there is a normal democratic majority of at least 25,000 in Ohio, and but for the continued efforts and rigid methods of organization pursued by the republican management there, the state would be safely democratic. I am highly gratified, however, with the present outlook there, for I believe the people are beginning to realize the tremendous menace of the trusts. At no meeting which I have attended has the auditorium been sufficiently large for all who desired to be present, and there is a genuine, thoughtful and growing enthusiasm for Mr. Bryan. If McKinley's majority in Hamilton county (Cincinnati) is kept down to 5,000, Bryan will carry the state."

"This will be the first democratic ticket I ever voted," continued Mr. Monnett. "Four years ago I stumped my state for McKinley because I believed the republican party would

carry out its pledges against the trusts. I do not agree with Mr. Bryan in all his views, and I say so plainly in every address I make, but I believe the growing aggressiveness of the gigantic trusts and combines is the greatest danger confronting the American people today. Trust legislation is all right so far as it goes, but it amounts to nothing if the party in power will not enforce the law. Mr. McKinley and his subordinates have not done this. Mr. Bryan has given his pledge to the people that the laws shall be enforced, and in this pledge I see the only hope for the people."

Mr. Monnett is deeply interested in the outcome in Indiana, and he stated that he would have been pleased to have delivered the addresses requested by the democratic state committee had the situation permitted him to do so. He spoke last evening at Napoleon and after spending the day quietly at the New Avon hotel, left shortly after 4 o'clock for Nuncie, where he is to deliver an address this evening.

VOLUNTEERS TO COME HOME.

San Francisco, Oct. 23.—At military headquarters here it is stated that the first installment of the volunteer army now in the Philippines will leave Manila November 1. From that time until next June the transports will bring home about 25,000 men at the rate of from 4,000 to 5,000 a month. The sick will, if possible, be shipped on earlier transports, that they may travel without crowding. The various regiments will be mustered out and paid as soon as possible after their arrival here. By this arrangement the camps now established at the Presidio will be

sufficient to accommodate the entire army.

AFTER A FACTORY.

Representatives of a large western manufacturing institution are in the city conferring with members of the Commercial club regarding the proposed removal of the factory to this city, and today President Randall, Chairman Gunder, of the committee on manufactures, together with other prominent business men, have been showing the visitors a number of desirable sites about the city. The factory is to employ 500 men, and it is hoped to definitely conclude the negotiations within a few days.

JOHN SHERMAN.

John Sherman as a statesman had millions of admirers, as a politician many cohorts, as a man few friends. He seemed to care little for a close commingling with his fellows, though doubtless the loneliness of his heart has been much overdrawn. The pathos of his closing years softened many hearts toward the aged statesman, and democrats who never had cause to love so bitter a partisan overmuch, could look upon him with some feeling of tender regard.

During forty years of conspicuous public service John Sherman commanded admiration. He was a great figure in mighty affairs. He participated with a long-passed school of statesmen in the ante-bellum affairs that engaged the congress, and his career was continued practically unbroken through the war, the reconstruction and so on until a new succession of responsibilities came with the Spanish war. It was in the domain of finance and revenues that John Sherman was accomplished and wherein his most conspicuous services were rendered, and he will be remembered by much that has been written into the economic measures of the past half century.

He was honest, but thrifty and coldly ambitious. He believed his party owed him its highest distinctions. Doubtless it did. But his ambition met defeat consecutively, and it is a singular fact that he was able with reason to charge disaster to the treachery of friends or the corrupt expedients of enemies.

Mr. Sherman's acceptance of the premiership in Mr. McKinley's cabinet was unfortunate and more. It was pathetic. He was wholly unfitted by public training or habits of mind for its responsibilities. That he should have been thrust out when the diplomatic crises of the approaching war with Spain grew acute is not strange. At any rate, it is not so strange as that he should have been invited to vacate a seat in the senate which he had so long ornamented to take a place he was by age, temperament and experience unfitted to take, merely to open the way for the triumphant advance

that was to bring the Warwick of the administration into actual contact with the public instruments of power.

PRESIDENTIAL PREDICTIONS.

We now have a floodtide of presidential electoral tables predicting the election of McKinley by a large majority from republican sources and also predicting the election of Bryan by a large majority from democratic sources. The democratic national committee has given out the following estimate of the electoral vote, and as it comes from the highest democratic authority, we print it in detail:

States.	Bryan.	McKinley
Alabama	11	11
Arkansas	8	8
California	9	9
Colorado	4	4

The New York Herald gives its forecast in tabular form of the presidential battle, awarding 282 electoral votes to McKinley and 185 to Bryan, but the peculiar feature of the Herald's elaborate presentation of the political situation is the confession that Connecticut, Illinois, Indiana, Maryland, South Dakota, West Virginia, Wisconsin and Wyoming, all of which are given in the McKinley electoral column, are in some greater or less degree doubtful. It also classes Kentucky, Nebraska and Utah as more or less doubtful, whose electoral votes it places in the democratic column.

The latest table given out from republican national headquarters gives McKinley the following votes: California 9, Connecticut 6, Delaware 3, Illinois 24, Indiana 15, Iowa 13, Kansas 10, Maine 6, Maryland 8, Massachusetts 15, Michigan 14, Minnesota 9, New Hampshire 4, New Jersey 10, New York 36, North Dakota 3, Ohio 23, Oregon 4, Pennsylvania 32, Rhode Island 4, South Dakota 4, Utah 3, Vermont 4, Washington 4, Wisconsin 12, Wyoming 3.

Total 278. All the other states are conceded to Bryan by the republican national committee, with the suggestion that Idaho, Montana, Kentucky and Nebraska are doubtful.

The probabilities are that the next election will be replete with surprises and will be controlled very largely, perhaps wholly, by the undertow of political sentiment that may sweep any or all of the debatable states into the Bryan ranks. Taking the estimates of both the national committee, the one lesson to be learned from them is that the democrats should make earnest and united effort for the states of Maryland, Delaware, New Jersey and New York. They may elect Bryan

without the Empire state, but with New York they would give him an overwhelming popular and electoral majority.

TO TEST SOUTH SIDE SEWER

COMMITTEE OF CITIZENS WILL SELECT ENGINEER.

Big Delegation Calls on the Board of Public Works—The Decatur Line—Municipal Notes.

The South Wayne sewer was again up for discussion before the board of public works yesterday afternoon when a large delegation of South Wayne citizens called and entered a protest against the acceptance of the work or the levying of assessments until a competent engineer had pronounced the work satisfactory. The protest was in writing and sets out a long list of alleged defects, charging among other things that the bottom of the sewer was laid in water without cement; that the sewer is not circular in shape, as the specifications provide, and that errors have lessened its diameter; that the workmen dug below the lower level provided and filled in the hollow space thus created with soft earth, instead of concrete; that in places the sewer wall instead of being eight inches in thickness, is only four and in other places six inches thick; that timbers are left in the trench to form a part of the wall; that the sewer is crooked; that inferior brick has been used, and in many places the brick laid over beds of quicksand without timbers or other support. The remonstrants also asked that the board employ an engineer, to be named by them, to examine the work and pronounce upon it before the board accepts the sewer. The board agreed to this and the delegation, after a brief conference, named Messrs. S. B. Bond, J. M. Barrett, E. C. Erickson, D. N. Foster and C. H. Worden. These gentlemen will look for a first-class engineer and recommend him to the board.

L. B. McIlheney, representing the Decatur interurban street railway, was present and informed the board that inasmuch as there was much opposition to granting a franchise on the route heretofore proposed he would ask for an entrance into the city over the Piqua road to Calhoun street, thence north to connect with the Fort Wayne electric railway at Greighton avenue. He was satisfied he could arrange with the city company. The petition was referred to City Attorney Shambaugh.

The board passed a resolution for vacating Lillie street, from Sheldon street to the right of way of the Findlay, Fort Wayne Western railway, and Sheldon street, from the Findlay right of way to Winter street. Some other minor matters were up for discussion, but nothing of great importance.

MISSING YACHTERS SAFE

New York, Oct. 23.—Captain Frederick Langston, of Brooklyn, whose two sons, Frederick and William H., and Otto Segelke and Noah Mason, were not heard of after they started to sail the yacht Alaris from High Land Beach to Gravesend Bay last Tuesday, received a cable message yesterday announcing that they were safe. The message came from Port Antonio and was dated Oct. 22. It read: "All safe aboard Elbehead Home Monday. Notify Mason and Segelke." The message was signed by William H. Langston.

THE KENTUCKY PUTS TO SEA.

New York, Oct. 23.—The new battleship Kentucky, which is bound for the Asiatic station to relieve the battleship Oregon and which sailed on Sunday but returned the same night to the anchorage off Tompkinsville owing to one of the big guns in the forward turret not working properly upon being tried off Sandy Hook, sailed again today, passing out Sandy Hook at 9:30 a. m. If the turret stands the test that will be given off Sandy Hook the Kentucky will continue on her voyage.

FOUNDED SIXTY YEARS AGO

ORDER OF PROVIDENCE CAME TO AMERICA.

Seniors of St. Augustine's Academy Celebrate the Anniversary With a Fine Program.

Monday evening the senior class of St. Augustine's academy rendered a splendid program in celebration of the diamond jubilee of the Order of Providence and the sixtieth anniversary of the founding of the order in America. This is the order in charge of the academy and the occasion will always remain a delightful memory to all who participated in its pleasures.

Three score years ago six noble women devoted to the great cause of religious education left the shores of sunny France, came to America, and in the wilds of Indiana founded that great institution known as St. Mary's of the Woods. Under the wise direction and as a result of the labor of the venerated foundress, Mother Mary Theodore, the order flourished and one now finds forty-five academies scattered throughout the states and a community of nearly one thousand members who have followed her devoted example.

In honor of the occasion Miss Helen M. Irwin has written a poem, entitled "St. Mary's Jubilee."

ST. MARY'S JUBILEE.
Hark! The convent bells are ringing,
Ringing notes so sweet and low,
Fondest recollections bringing
Of some sixty years ago.
Sixty years—you'd scarce believe it;
Realization seems a theme;
How the years come stealing o'er us
Like a fair, delusive dream.
Sixty years—a diamond jubilee!
Let a holy anthem raise,
For within our hearts are swelling
Cherished memories, songs of praise.
Cherished memories of the school days
Spent within the hallowed walls
Of the old but loved St. Mary's,
Where the sunlight dips and falls.

VANDERBILT'S ANNIVERSARY.

Nashville, Tenn., Oct. 23.—Interesting exercises in celebration of the twenty-fifth anniversary of Vanderbilt university were held today in Gospel Tabernacle. Members of the faculty and board of trustees, students and graduates of the university formed in procession on the grounds and preceded to the tabernacle. Representatives of many other colleges and universities and friends of Vanderbilt were present. Addresses were delivered by President Arthur T. Hadley, of Yale, and Chancellor Kirkland, of Vanderbilt. The presentation of Kiser hall, the gift of W. K. Vanderbilt, followed. An elaborate musical program was rendered.

McKINLEYS IN CANTON.

Canton, Ohio, Oct. 23.—President and Mrs. McKinley reached Canton at 10:30 a. m. in a private car attached to the regular Pennsylvania train. There was no organized demonstration, but a large number of people assembled on the station platform and gave them a hearty welcome as they passed under a large flag draped over a section of the platform. Accompanying the president were Secretary Cortelyou, Dr. Rixey, stenographers and clerks from the executive office. It is expected the chief executive will remain here until election day, with the exception of a probable trip to Mansfield for the Sherman funeral.

HOLDING EXAMINATIONS.

Secretary Hess, of the civil service board, is holding an examination in the United States court room today. There are nine applicants, all from outside the city. Two are taking the examination for teacher of the Indian service, one for stenographer and six for departmental bookkeeper. Three of the applicants are ladies.

SCENE AT A NATIONAL POLITICAL HEADQUARTERS.

These are busy times at the national headquarters of both the Democratic and Republican parties. This view shows Senator Scott, who has charge of the Republican campaign speakers, deep in work at his desk.

"Now Don't Get the Blues."

When a cheerful, brave and light-hearted woman is suddenly plunged into that perfection of misery, the blues, it is a sad picture.

It is usually this way:

She has been feeling out of sorts for some time, experiencing severe headache and backache; sleeps very poorly and is exceedingly nervous.

Sometimes she is nearly overcome by faintness, dizziness, and palpitation of the heart; then that bearing-down feeling is dreadfully wearing.

Her husband says, "Now, don't get the blues! You will be all right after you have taken the doctor's medicine."

But she does not get all right. She grows worse day by day, until all at once she realizes that a distressing female complaint is established.

Her doctor has made a mistake.

She loses faith; hope vanishes; then comes the morbid, melancholy, everlasting blues. She should have been told just what the trouble was, but probably she withheld some information from the doctor, who, therefore, is unable to accurately locate her particular illness.

Mrs. Pinkham has relieved thousands of women from just this kind of trouble, and now retains their grateful letters in her library as proof of the great assistance she has rendered them. This same assistance awaits every sick woman in the land.

Mrs. Winifred Allender's Letter.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you of the benefit I have received from your wonderful remedies. Before taking Lydia E. Pinkham's Vegetable Compound, I was a misery to myself and every one around me. I suffered terrible pain in my back, head, and right side; was very nervous, would cry for hours. Menstrual periods would appear sometimes in two weeks, then again not for three or four months. I was so tired and weak, could not sleep nights, sharp pains would dart through my heart that would almost cause me to fall.

"My mother coaxed me to try Lydia E. Pinkham's Vegetable Compound. I had no faith in it, but to please her I did so. The first bottle helped me so much that I continued its use. I am now well and weigh more than I ever did in my life."—MRS. WINIFRED ALLENDER, Farmington, Ill.

WILL BE CLUB DAY

ALL DEMOCRATIC CLUBS WILL
CELEBRATE SATURDAY.

A GENERAL DEMONSTRATION

IN EVERY CITY OF THE UNITED
STATES.

A PARADE AND SHORT TALKS

SENATOR FAIRBANKS TOMORROW—GOSSIP.

Allen county democrats will follow the request of National Chairman Jones and celebrate next Saturday evening with a general rally and display of flags. It had been arranged that William Voelke or Charles E. Ladd would address Fort Wayne democrats at Saengerbund hall, but a change in program has been made and the speeches have been declared off. Instead there will be a general rally of all Fort Wayne clubs and the clubs at New Haven, Monteville, Huntstown, Arcata, Highland and other Allen county towns may participate if they so desire. The Jefferson, Hendricks and ward clubs will parade the streets of the city and at 8:30 will go to Saengerbund hall, where club members will be called on for short addresses. There will be no set speeches, but it is the intention of the club members to have an old-fashioned democratic love feast. A committee has the matter in charge now and club members will undoubtedly make the occasion one of the big local demonstrations of the campaign.

KERN TO COME.

Hon. John W. Kern, democratic candidate for governor of Indiana, will address the Allen county voters next Monday evening, October 29, at Saengerbund hall. The local clubs will escort him, but there will be no general parade, inasmuch as the republicans will probably have an escort for Senator Beveridge on the same evening. The state committee assigned Mr. Kern for the 29th, and although Mr. Berghoff preferred another date he could not get it. The democratic gubernatorial candidate is one of the best of Indiana's speakers and a fine address is certain to be heard.

SIXTH WARD REPUBLICANS.

The rain interfered with the attendance at the republican meeting in the Sixth ward last evening, but nevertheless there were between 200 and 300 people in the tent to listen to addresses by P. A. Randall, S. M. Foster and R. B. Hanna. J. F. W. Meyer, who was advertised to preside, was not present, and Theodore Thorward, republican candidate for township trustee, introduced the speakers. There was an incident during the meeting that was not advertised on the bills. Mr. Randall, the first speaker, was comparing the former democrats who now opposed Bryan and the present supporters of the Nebraska and said: "Look at these men! Would you rather believe what responsible men tell you or would you rather believe Henry Colerick?" He got no further. Mr. Colerick was in the audience and rising to his feet, he said, "I am here, Perry." Mr. Randall was, of course, taken aback, especially as Mr. Colerick's sally was met with cheers. Mr. Randall was clearly disconcerted, especially when he noticed that many of the audience were turning and smiling at Mr. Colerick, and finally he said: "Would you like to say something, Mr. Colerick?" The reply came, "I would like to have about thirty minutes' talk with you, Perry," and there were more cheers. Shortly after these sallies Mr. Randall sat down. Addresses were made by S. M. Foster, who asserted that four years ago he was at least an admirer of Mr. Bryan because he believed he was honest, but now he would take it all back because Mr. Bryan was accepting the support of gold democrats in the east who had opposed him four years ago. After Mr. Foster had finished R. B. Hanna, republican candidate for congress, delivered a half hour's address and in the beginning paid a compliment to Henry Colerick, whom he called a "gentleman and a scholar." He devoted much of his time to a discussion of the tariff.

DEMOCRATS MAKE GAINS.

Hon. G. W. Lunt, one of the democratic nominees for representative, has returned from a tour of political speaking which carried him into eight counties in this section of Indiana, and Mr. Lunt said this morning that in every precinct he visited a democratic gain was reported, some of them running as high as 32 votes. Mr. Lunt spoke at Mer-

riam, Noble county, last evening, and on Saturday night will address the democrats at Topoka, Lagrange county. Four other appointments in Noble and Lagrange counties have been cancelled by Mr. Lunt, who says he desires to devote the remainder of the canvass to his own county.

GERMANS MEET.

There was a largely attended meeting of Germans in Hartman's hall, on Hanna street, last evening, at which Anselm Fudler and Jacob Ingenthron delivered addresses. Mr. Ingenthron is president of the Illinois German societies and is doing yeoman service this year for Mr. Bryan.

FAIRBANKS TOMORROW.

Senator C. W. Fairbanks will be in Fort Wayne tomorrow evening and deliver an address. He will be accompanied by W. T. Durbin, republican candidate for governor, who has also promised to deliver a short speech. Mr. Fairbanks and Mr. Durbin will arrive over the Wabash at 6:25 and will be escorted to the New Avenue hotel. Before the speaking there will be a parade. The order of march is as follows:

Chief Marshal J. H. Habsley and staff. City band, carriages. Brown and drum corps, German club, colored club, Tenth ward drum corps. Soldiers' Sons and Citizens' club, high school club, Brower's drum corps, rough riders.

Line of March—South on Barr to Montgomery, west on Montgomery to Calhoun, north on Calhoun to Berry, west on Berry to Fulton, north on Fulton to rink.

Escort clubs will form on Barr, right resting on Wayne.

At the rink Mrs. S. C. Moffat will sing "The Star Spangled Banner."

POLITICAL GOSSIP.

R. B. Hanna will deliver an address to workmen at Princess rink on Thursday evening, Nov. 1.

The Jefferson drum corps will meet at Jefferson club rooms at 7 o'clock this evening and prepare for parade.

Judge Allen Zollars is out in the state this week filling assignments made for him by the democratic state committee.

The democratic railroaders are discussing the advisability of organizing a railroad club. More than 300 railroad men went to Huntington Saturday and all of them expressed a desire to become members of a regularly organized club.

WILL RAISE A POLE.

The juvenile republicans of South Wayne will write this evening in raising a fine ash pole, nearly 100 feet in height, at the corner of Indiana and Home avenues. Attorney E. V. Harris has consented to address the young people.

THE DAY ON WALL STREET.

New York, Oct. 23.—With the exception of some of the minor specialties opening prices were lower on a brisk selling movement. The international stocks were affected by depression in the London market. Losses did not exceed fractions. The market became highly irregular on varied fluctuations in the specialties. Selling to realize was on a large scale and the few advances did not avail to sustain the market. Some of the steel stocks scored losses extending to 1 and 1 1/2¢ when the offerings began to fall off prices were bid up again. A sharp recovery in Sugar and Tennessee coal led the rally. Selling pressure was renewed at the advance and prices fell back. Stock prices worked gradually downward on moderate offerings. Occasionally upward spurts in special stocks did not benefit the general list. Sugar got above 12 1/2¢. Trading was quiet at midday, but the western railroad stocks were becoming prominent in the decline. Bonds were irregular.

DEATHS AND FUNERALS.

BLEKE.

Diederich August Bleke, for nearly fifty years a resident of Fort Wayne, died Monday evening at his residence, 131 Madison street, at the age of 73 years. Death ensued from a paralytic stroke which the aged patient suffered Sunday night, and for three weeks previously he had been in frail health.

Mr. Bleke was born in Westphalia, Germany, but came to Fort Wayne many years ago, and for forty-five years was employed at the Pittsburg shops, giving up that position only when failing health compelled him to do so. Surviving are widow and four children—Louis Bleke, who is living in the west, and Fred Bleke, Mrs. Weisberg and Miss Sophie Bleke, of this city.

The funeral services will be held Thursday afternoon at 3 o'clock from the residence and at 3:30 from St. Paul's Lutheran church, Rev. Miller officiating. Interment at Concordia.

O. P. Eversole will speak in English.

Fred Goebel, the veteran musician, will entertain the members of the City band this evening. The occasion is a "house-warming" of Mr. Goebel's handsome new residence at 121 Brackenridge street.

Senator Fairbanks and Col. Durbin, two of Indiana's foremost statesmen, will be at the rink Wednesday night. The City Band will give a patriotic concert before the speech. You will miss a great treat if you don't hear them.

"Strong and hearty boy, is it, and no pain? That's good!"

The joy of a new arrival in the family is usually overcast by the shadow of the pain and discomfort the expectant mother must bear. If she knew of and used **"MOTTEN'S FRIEND,"** this would be all dispelled. Tell your friends about it, as being a simple liniment, exclusively for external use, that relaxes the muscles so that pain and suffering are unknown.

SHOP AND RAIL

ELECTRIC WORKS AND WABASH
SHOPS INCREASE FORCE.

AN OLD PATROLMAN RESIGNS

JOHN L. FUCHSHUBER QUILTS
THE RAILWAY POLICE.

SOME ACCIDENT STATISTICS

MORE MEN KILLED ON RAIL-
WAYS THAN IN BATTLE.

The Fort Wayne Electric company and the Wabash company made some additions to their shop forces within the past week. At the former company's works more machinery, including two drill presses for J. J. Bauer and three drill presses for Tony Millers department, arrived from the old Siemens-Halske works yesterday and were immediately set up and placed in operation. The foundry department, where all the smaller brass pieces employed in the construction of electrical machinery and apparatus are made, has also been remodeled and enlarged to meet the growing demand and the force was increased yesterday by one moulder, John Kaade, and two more are to start to work there tomorrow. At the Wabash shops the boiler department was increased yesterday by the employment of Boilermakers M. J. Bulger and John Cannon and the machine department by the employment of Emil Cheviron and John Nolan. There are to be some more additions to the boiler shop force tomorrow, when some boiler-makers from Chicago will arrive here for that purpose. Both of the shops mentioned are more busy than they have been for many years and each is employing more men than it ever did before.

BONNER'S INSPECTION TOUR.

William Bonner, general western and district freight agent of the Pennsylvania company, is today making his monthly inspection trip over the eastern part of the western division of the Pittsburgh road. He came in last evening on a regular train and left this morning for Crestline on a special, stopping en route at all stations wherein any freight agents. Accompanying Mr. Bonner are Trainmaster J. E. Patterson, Local Freight Agent E. H. Kirkland and Chief Dispatcher W. H. Tigar. The train was in charge of Conductor Andrew Dawson and Engineer William Barden presided at the throttle.

MR. FUCHSHUBER RESIGNS.

John L. Fuchshuber, who has been a member of the Pennsylvania railway police department ever since its organization, surprised Captain Stall and his fellow officers last evening by announcing his intention of retiring from the force. Mr. Fuchshuber does not announce his intentions, but it is understood that he has something better in sight. He is one of the best officers in the service. Before going on the railway force he was a city policeman for several years.

ACCIDENTS TO TRAINMEN.

It is interesting as a matter of comparison to note that the profession of railroading, so far as it concerns trainmen, is four times as dangerous as that of the soldier, even in war time. During the year ending June 30, 1900, more than 51,000 employees out of a total of over 227,000, were killed or injured by the railroads, while during the same period only 1,640 out of 69,000 in the Philippines suffered in like manner. In fact, it is stated that the casualties on the railroads in the United States exceeded the total number of persons killed and wounded in the Philippines and South Africa, Americans, Filipinos, British and Boers included. These accidents to railway men are of daily occurrence, but as they are widely separated as to location, and not brought to the direct attention of the people the personal equation which enters so largely into public affairs is altogether lacking. Because accidents are so frequent it does not argue that railroads are careless. On the contrary, properly understood, the percentage of accidents to persons liable thereto because of railroads is seen to be so infinitesimal as to establish beyond any doubt the extreme care exercised in conducting the business. To those familiar with railway operation and the multitudinous chances of something going wrong, it is a constant source of wonder that so few accidents happen. The prevalent idea that railroad men are indifferent or careless is wholly erroneous. The utmost vigilance and painstaking care is devoted to train operation, simply because the liability of accident is so well understood. All that can be done to minimize this

danger is being done by those charged with railroad operation, but even so it is to be feared that for many years to come railroading will rank equal to, if not above, war in danger to those engaged therein.

SPECIAL TO HUNTINGTON.

St. Mary's Catholic church, of Huntington, is holding a fair in that city this week and for the accommodation of the many Fort Wayne people who wish to attend, the Wabash road will run a special train Thursday evening, leaving this city at 7:15 in the evening and returning at 11:30. Popular rates will be charged for transportation.

ENLARGING STORE ROOM.

A gang of carpenters were put at work this morning in enlarging the store room at the Pittsburgh shops. This was made possible by the removal a short time ago of the tool room to the new room on the west side of the machine shop, fitted up for that purpose. The old store room will be remodeled throughout and enlarged to meet the increasing demand upon it.

INDUSTRIAL NOTES.

Nickel Plate Engineer Charles Titus and Fireman Fred Roemke are sick and off duty.

George Hannan, of the Rhineland & Simons lumber yards, is off duty on account of sickness.

H. Gumbert, a fine cutter in the Pittsburgh shops, is on duty again after an illness of a few days.

E. H. Belden will leave tomorrow for the east in the interest of the Belden-Larwill Electric company.

Boilermaker Henry Cour, who had a hand injured last week, resumed his duties in the Wabash shops this morning.

Mrs. Hugh Welsh, wife of the stationery fireman at the Pittsburgh planing mills, goes to Toledo tomorrow to visit relatives.

Elijah Smith has been elected president of the Eel River road, which, by acts of Indiana courts, has been separated from the Wabash.

Patrick Coffey, machinist, has returned from Toledo, where he was engaged upon some repair work for the Wabash a few days.

A pretty baby girl has arrived at the home of Mr. and Mrs. Theodore Jobber. The father is a clerk in the Pennsylvania round house.

Nickel Plate Brakeman R. M. Beltz had the misfortune to injure one of his shoulders yesterday and will be off duty a few days in consequence.

The Lake Shore last week let the contract for a new elevator at Chicago, to cost \$100,000 and to have a capacity of 750,000 bushels of grain.

Switchman Harry Malcom, of the Pittsburgh warehouse engine, was taken sick yesterday and had to return home. He is still unable to work.

Cornell Morganthaler went to Plymouth this morning in the interest of the Fort Wayne Electric company. He is one of the company's traveling salesmen.

Frank Sleeper resumed his duties at the throttle of a Nickel Plate engine yesterday, after a month's absence on account of the sickness of his wife.

J. Nipper quit a position he held for some time in the Pittsburgh planing mills to accept a position as fireman on the Grand Rapids and Indiana road.

C. M. Jones, of the Pittsburgh freight house, is enjoying his annual vacation, a portion of which he will spend at his old home, Ogdenburg, N. Y.

Ed Rist, boilermaker, is again sick. Yesterday morning he reported for work at the Wabash shops, after an illness of a month and last evening suffered a relapse.

Operator W. C. Norton, of the west yards of the Nickel Plate, was taken ill yesterday and Operator C. H. Meek completed the "trick" in addition to taking care of his own.

Engineers E. W. Lewis and A. M. Walsh and Firemen H. C. Hambrook and E. E. Wilmore, of the Pittsburgh, are off duty. Messrs. Lewis and Hambrook on account of sickness.

Daniel Bevelheimer, the Pittsburgh crossing watchman, who is taking a three month's leave of absence, has returned from Kansas, where he visited relatives. He will now go to Richmond and Decatur.

Machinist John Welden has returned from Alliance, O., where he attended the funeral of his brother-in-law last week. Mr. Welden resumed his duties in the Pittsburgh round house this morning.

Ed Quinn, G. Kallenbach and William Rohyans, of the Pittsburgh round house; J. Reidel and J. Eulford, of the planing mills, and M. J. Murphy, of the blacksmith shop, are off duty, mostly on account of sickness.

The Pittsburgh Locomotive works last week completed the two thousandth engine built at the works. A number of their engines are on the Vandalia and the Cincinnati, Hamilton and Dayton lines, and give very satisfactory service.

Engineer and Mrs. Harry Jones have returned from Michigan, where they spent two weeks with old friends. While in Michigan Mr.

Jones went to Ann Arbor, where he spent his childhood days, but found only one relative, a cousin, living there.

P. Schopmann, a boilermaker at the Bass works, has gone to Bluffton, where he will assist in the work of renewing the flues in the battery of boilers at the Gas company's pumping station. The work will probably consume two or three weeks.

Dr. J. H. Talbot, medical examiner for the Panhandle, with headquarters at Indianapolis, is taking his annual vacation, which he will spend in visiting friends at the various Pennsylvania railway centers. Today he is the guest of Dr. E. F. Wagner.

The Pennsylvania and the Nickel Plate announce special rates to Chicago October 28 and November 1 inclusive. The horse show will be on in that city on those dates and it promises to draw a larger crowd than some of the former exhibitions of that character.

R. F. Douglas, of the Wabash ticket office, has been appointed sub-agent for the Pacific Express company money order department, and hereafter money orders will be on sale at the Wabash ticket office. Mr. Douglas will continue in his present position with the railway company.

George Harknerider was the victim of a painful accident at the electric works this morning. One of his arms was caught in some machinery he was operating and the flesh was quite severely cut. The young man is a son of Sergeant Henry J. Harknerider, of the city police force.

John K. Cowen, president of the Baltimore and Ohio, and last week elected president of the Pittsburgh and Western, has issued a circular stating that there will be no change in the personnel of the Pittsburgh and Western road for the present, all heads of departments to continue in discharge of their duties as heretofore.

Since the railroads stopped paying commissions on sales of tickets the income of the ticket agents is so reduced that several hundred agents in different parts of the country have resigned. The general passenger agents have been asked to recommend an increase in pay for agents on a number of the important lines.

Harry Stephenson resumed the place at the Bass machine shop he vacated last summer, when with others he went to Wyoming to work on a railroad. His experience in the west was not of the most pleasant kind and came near ending fatally. He was sick with typhoid fever, which he contracted in the camp.

Nickel Plate engine 20 has been rebuilt and is now as good as new. It will go into service on the Third district today, with Engineer H. W. Frase and Fireman John Snuburn in the cab. Engine 31, also just rebuilt at the Stony Island shops, passed through here yesterday, en route to Bellevue to go into yard service.

The opinion prevails that at the next meeting of the National Association of General Ticket and Passenger Agents, an insurance department will be organized. In a number of instances prominent passenger officials have died, leaving their families almost destitute, and an insurance department would afford them relief.

Notwithstanding the strike of the anthracite coal miners, the freight movement over both the Pennsylvania and the Philadelphia and Reading roads has largely increased since October 1. The Pennsylvania is hauling immense quantities of soft coal and coke and general merchandise. Hard coal shipments have fallen off almost entirely, but the loss is scarcely noticeable, as many of the industries that use hard coal are now burning bituminous.

On Saturday the New York Central opened to the public the new passenger waiting room at New York city. The great room just completed is impressive in size and beauty. It is 200 feet long by 100 feet wide and seventy feet high. Its marble columns and wainscoting, artistic decorative finish in pure white, and the corrugated ceiling of steel and electric glass, dotted with hulseys electric lights, is said to give it an appearance of massive elegance. The furniture is in keeping with the size and style of the room.

Free to the Ruptured

Dr. W. S. Rice, the Well Known Authority, Sends a Trial of His Famous Method Free to All.

Dr. W. S. Rice, 107 W. Main Street, Adams, N. Y., will send free to any one who is ruptured or knows of any person ruptured, whether a man, woman or child, a free trial of his famous method.

MR. R. W. YOUREX.

It is a marvelous method, curing cases that defied hospitals, doctors, trusses, electricity and all else. Merely send your name and address and the free trial will be sent without cost to you whatever. R. W. Yourex, a well-known commercial traveler was ruptured two years, and even tried the market, partly made up his mind to undergo the danger of an operation, when by the greatest of good luck, he tried the Dr. Rice method. He is now cured.

Mr. Yourex says: "I tried Dr. Rice's method and it cured me. I didn't lose a day on the road. Hundreds of friends in Illinois, Wisconsin, Minnesota and Iowa know the wonderful fact that this remarkable method cured me and saving me from operation or an hour's loss of time. Write now and by spring you will never know you had been ruptured. Write today!"

WILL GO TO FINDLAY.

On the evening of October 31 the Fort Wayne Turnverein Vorwaerts will go to Findlay, Ohio, to attend the dedication of a new hall in that city. The society will have a special train over the Findlay, Fort Wayne and Western railway, leaving this city about 6 p. m.

BERGEN TO GO HOME.

Will Bergen, the great young catcher, who did such grand work behind the bat for Fort Wayne in 1899 and 1900, has signed his contract with the Cincinnati National League team and is now certain to be a member of the Reds next season. He has changed his mind about remaining in Fort Wayne this winter and on next Friday will depart for his home in Massachusetts. All local fandom will wish "Berg" success in the big league.

REWARD OF MERIT.

A New Catarth Cure Secures National Popularity in Less Than One Year.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article to say nothing of achieving popular favor, and yet within one year Stuart's Catarth Tablets, the new catarth cure, has met with such success that today it can be found in every drug store throughout the United States and Canada.

To be sure, a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public but every one familiar with the subject knows that advertising alone never made any article permanently successful. It must have in addition absolute, undeniable merit, and this the new catarth cure certainly possesses in a marked degree.

Physicians, who formerly depended upon inhalers, sprays and local washes or ointments now use Stuart's Catarth Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient, catarth remedies, such as red gum, Guaiac, Buealyptol and Sanguinaria.

They contain no cocaine nor opiate, and are given to little children with entire safety and benefit. Dr. J. J. Reitter, of Covington, Ky., says: "I suffered from catarth in my head and throat every fall, with stoppage of the nose and irritation in the throat, affecting my voice, and often extending to the stomach, causing catarth of the stomach. I bought a fifty cent package of Stuart's Catarth Tablets at my druggist's, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarth last winter and spring and consider myself entirely free from any catarth trouble."

Mrs. Jerome Ellison, of Wheeling, W. Va., writes: "I suffered from catarth nearly my whole life and last winter my two children also suffered from catarth colds and sore throat so much they were out of school a large portion of the winter. My brother who was cured of catarth deafness by using Stuart's Catarth Tablets urged me to try them so much that I did so and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and catarth is no longer a household affliction with us."

Full sized packages of Stuart's Catarth Tablets are sold for fifty cents at all druggists.
